Message from the Vice-Chancellor

Welcome to the ICFAI University, Himachal Pradesh. A pivot to opportunity, progress and achievement. An Institution, where excellence and honesty are a passion; a community that is built on the bedrock of affable relationships between the Staff, Students, Families and among the Students themselves and a palladium to shape Students' glorious future. Ever since its inception, we have been adding badges of glory to our prestigious Institution and the University is emerging as an Institution of quality learning with integrated academic Programs.

The ICFAI University aims to deliver a multi-disciplinary education through effective and efficient methods to make it accessible to all the sections of the Society. Sprawling over 47 acres and nested in the foothills of the beautiful Shivalik Mountains, it is replete with lush green lawns and trees, beautifully landscaped gardens, magnificently designed Buildings, Smart Classrooms with ACs, a Moot Court, well-equipped Laboratories, Workshops, Computer Labs, a Central Library, Departmental Libraries, Trainings, Placements and a Skill Development Centre, a Counselling Centre, a Conference Hall, an Examination Wing, an Auditorium, Hostels, Transport Facility- both for the Students and the Staff, a First-Aid Medical Room, a Herbal Garden, 24X7 Wi-Fi, ROs and Water Purifiers for the Clean Drinking Water, Common Rooms, Playgrounds and the Sports Facilities, a Gymnasium, a dedicated N.S.S. Unit, a dedicated Nursery for Plants, Gen-set Facility, a Cafeteria and a neat, clean and a green Campus.

The ICFAI University, Himachal Pradesh endeavors to empower Students from all walks of life by using diverse pedagogical tools such as the Mentor-Mentee Programs, Fieldwork, Internship Programs and Social Entrepreneurship Skills. It is known for its commitment to the cause of Higher Education, keeping the aspects of equity, access, quality, affordability and accountability as the uppermost considerations. The curriculum of the University has been prepared carefully. It is also continually updated as per the needs of the Academia and the Industry, the Corporate Sector and the Research Organizations and resonates with the New Education Policy, 2020.

The Students at The ICFAI University are a community of enthusiastic learners. They endeavor to achieve greater accomplishments as part of a productive and knowledgeable academic community. Here, the Education extends far beyond traditional classroom boundaries, as we strive to elevate the learning process beyond simple recitation of the information and the statistics. Additionally, we offer a unique array of extracurricular opportunities designed to complement the academic pursuits, enriching Students' experiences and fostering skill development. Our aim is to empower individuals through a holistic education approach, evident in activities such as the Street Plays, Fieldwork, Business Simulations and the various other co-curricular engagements.

At our University, we all nurture a common vision of making it the preferred choice of the 21st Century learners. We constantly strive to establish and foster linkages with other renowned Institutions to broaden the prospects of our Students. The successful affiliations have already enriched our diverse culture and reinforced ethical values at every step of our endeavors. It also brings in the requisite academic rigor.

We wish that you achieve numerous remarkable and successful accomplishments in the near future.

Prof. Keshav Sharma

The ICFAI Group

Pioneering professional education for over 4 decades

ICFAI was established in 1984 as a not-for-profit society with the broad objective of empowering citizens through world class quality education. The Institute announced its arrival into the Indian education fora by launching a high end, innovative professional program in financial analysis in 1985. The Program was first-of-its-kind in India, aimed at equipping students and working professionals with cutting-edge knowledge in contemporary areas of finance. Since its establishment, ICFAI Group has made a significant mark in the Indian educational field with a pan-Indian network and presence.

Innovation has been the mainstay of ICFAI Group with innovation prevalent in its programs and even its culture. Subsequently, there was a big leap when ICFAI Group started its chain of business schools (IBS) across India in 1995 to offer management program. Since its inception, IBS has been consistently ranked among the top ranked B-Schools of India providing excellent academic delivery and infrastructure to its students and transforming them into leaders for the future.

Another example that is a testimony to the culture of innovation is the introduction of Case Study methodology at IBS. The Case Research Center at IBS has become a center of excellence and has won several accolades across the world.

ICFAI Group has 2 Strategic Institutional Units, the ICFAI Universities and the ICFAI Business Schools. In all the programs offered across these units, the emphasis is on adherence to academic rigor and differentiated curriculum that bridges the industry-academia gap.

ICFAI Group focuses on learning rather than instruction. In addition, the institute is engaged in important areas of research covering environmental sustainability, agricultural economics, health policy, financial economics, banking, intellectual property rights etc. There have been path-breaking research and good quality publications in these areas.

Flexible and tech enabled learning also plays an important role in ICFAI's teaching methodology. The delivery takes place with the use of hi-tech learning management system at campus programs and content delivery for distance learning through online medium.

ICFAI Group practices the value of academic integrity at all levels. As a policy, admissions are purely based on merit and there is nothing like capitation fee et al. The fee payable is published in the application material and that remains unchanged.

The ICFAI Group's culture of teaching and learning supports and fosters intellectual and personality development among its graduating students. They carry an attitude of ownership of their work. ICFAI Group strives to make the students - DOERS. The programs are designed such that the students & professionals graduating from the institution have the ability to take risks, make decisions and own the work. ICFAI Group system, strongly believes in developing an 'entrepreneurial mindset' among its graduating students.

At ICFAI, students inculcate research and analytical orientation due to its institutional strength and support for the research and development activities. Holistically, the student undergoes a transformative change.

The alumni of ICFAI Group are working in renowned companies world-wide. Collectively, ICFAI Group alumni contribute significantly to the growth story of India.

Awards won by The ICFAI Group

N J Yasaswy
(1950-2011)

Founder's Profile

Mr. N. J. Yasaswy (1950-2011), founder of the ICFAI Group of educational institutions and a pioneer in promoting higher education in the private sector had a brilliant academic career: B.Com (Andhra University 1969 – First Rank), CA Inter (May 1971 – First Rank), CA Final (May 1973 – First Rank), ICWA Inter (July 1970 – First Rank) and ICWA Final (July 1972 – First Rank). He was the recipient of the Basu Foundation Award for the Best Student of the Year from both – The Institute of Cost and Works Accountants of India (in 1972) and The Institute of Chartered Accountants of India (in 1973).

During 1974-1980, Mr. Yasaswy was associated with the Administrative Staff College of India as a Faculty Member. In 1981, he started his consultancy firm, Yasaswy Management Associates Private Limited. Hyderabad.

Mr. Yasaswy was appointed by the Government of Andhra Pradesh as Chairman, Andhra Pradesh State Trading Corporation (1985–88), and Vice-Chairman, Public Enterprises Management Board (1986–88). He was a visiting faculty member at the Indian Institute of Management-Ahmedabad (1986-88) and was nominated as a Member of the SEBI Committee on Accounting Standards. He was a member of the Board of Directors of the Association of Certified International Investment Analysts (ACIIA), Switzerland. He authored several books on finance and investments.

Mr. Yasaswy set up the ICFAI as a single institute in 1985 without governmental sops or institutional funding, in an era where government support was the norm. He chose to spend all his energy on the fledgling institution which over the years grew to become a monument to what ambition can deliver. He was instrumental in building several business schools and universities in the developing states of India, particularly in the North-East region. He stood for professional management, excellence in the quality of education offered in the ICFAI institutions, and absolute discipline.

He was charismatic, a great teacher, an institution builder, a visionary and a genius who was years ahead of his time. His vision will continue to guide ICFAI forever.

The ICFAI Universities

ICFAI has established 11 Universities across India. The ICFAI Universities are located at Hyderabad [The ICFAI Foundation for Higher Education (IFHE), which is a Deemed-to-be University], Himachal Pradesh (Baddi), Dehradun, Jaipur, Jharkhand, Meghalaya, Mizoram, Nagaland, Raipur, Sikkim and Tripura.

Faculty of Liberal Arts (FLA)

Liberal Education, a term coined by the Romans, originally meant 'related to free men'. The Faculty of Liberal Arts at the ICFAI University, established in 2020, is renowned for its innovative and interdisciplinary approach to Education at the global level, emphasizing creativity and reasoning. Liberal Arts encompasses various fields, including English, Sociology and Political Science. In line with Plato and Aristotle's ideas, the Faculty of Liberal Arts at the ICFAI University views education as a quest for the truth in its purest form.

The primary focus is on the shaping of an individual's identity and their comprehension of the societal landscape. It goes beyond mere communication and skill enhancement, delving into a critical analysis of life's complexities. Liberal Arts education harmonizes both the philosophical and the practical approaches, with a strong emphasis on Research orientation.

Programs Offered at the FLA:

- B.A. English- Bachelor of Arts in English
- B.A. Sociology- Bachelor of Arts in Sociology
- B.A. Political Science- Bachelor of Arts in Political Science
- M.A. English- Master of Arts in English
- M.A. Sociology- Master of Arts in Sociology
- Ph.D. English
- Ph.D. Sociology

Note: The right to offer or not to offer a particular Program/Course rests with the University.

Strengths of FLA

- Well-qualified Faculty members with a strong emphasis on creativity and research.
- Good Placement coupled with dynamic institute-industry interaction.
- Excellent ambience for teaching and learning
- Special focus on communication skills and soft skills
- Special orientation towards graduation-based jobs like SSC, HSSC, HPSSC, Banking, Civil Services, Journalism, Media Houses, Translator, B.Ed., etc.
- Curriculum Aligned with the National Education Policy (NEP) -2020
- Student-Centered Learning Approach

The BA (English) Program

The ICFAI University offers B.A. English Program, emphasizing the development of skills and intellectual growth by providing practical insights into literature. This campus-based Program aims to impart comprehensive knowledge and a broad understanding of the subject. The Program focuses on various areas within the field of English Literature, equipping Students with the necessary skills to excel in their professional lives beyond the University. This Program amalgamates creativity, innovation and discovery.

Duration:

03/04 years (06/08 Semesters)

The Students will be awarded with a Certificate after completing 01 Year (02 Semesters) of study in the chosen field of study, a Diploma after 02 Years (04 Semesters) of study, a Bachelor's degree after 03 Years (06 Semesters) Program of study & a Bachelor's degree with Honours/ Honours with Research after the completion of a 04-Year Program.

Eligibility:

The Applicants should have passed Class XII (or an equivalent Examination) in any discipline with an aggregate of 40% or higher marks. Students awaiting the results of their final year Examinations in Class XII are also eligible to apply.

Program Structure:

The curriculum is primarily contemporary and innovatively designed in consultation with the academicians and the professional experts, following the guidelines of the UGC. The Program spans over 06/08 Semesters and is spread over 03/04 years. It aligns with the New Education Policy 2020. Students are introduced to the Skill Enhancement Courses, Discipline-Specific Courses, Ability Enhancement Compulsory Courses (AECC) and the Generic Elective Courses.

BA (English) Program Structure		
	Semester-I	**Semester-II**
Year-I	• Introduction to Prose • Minor I • Introduction to Sociology • Development of Hindi Language • Basics of Computer • Human Rights and Social Justice	• Introduction to Drama • Minor 2 • Introduction to Archeology • Critical Thinking • Emotional Intelligence and Reasoning Skills • Teachings of Bhagavad Gita
	Semester-III	**Semester-IV**
Year-II	• Introduction to Fiction • History of English Literature • Minor 3 • Introduction to Democracy • Communication Skills in English – Intermediate • Tourism and Heritage Management in India	• Indian Writings in English – I • Gender Studies • British Poetry: 14th to 17th Centuries • British Drama: 14th to 17th Centuries • Minor 4 • Communication Skills in English – Advanced
	Semester-V	**Semester-VI**
Year-III	• Literature of Diaspora • Introduction to Literary Theory • Postcolonial Literatures • Minor 5 • Internship	• Indian Classical Literature • Indian Writings in English – II • Science Fiction • Popular Literature • Minor 6

BA (English) (Hons./Hons. With Research)			
	Semester-VII	**Semester-VIII**	
		BA (English)(Hons.)	**BA (English)(Hons. With Research)**
Year-IV	• Creative Writing • Contemporary • Literary Theory • Translating Literature: Theory and Practice • Introduction to Research • Minor 7	• American Literature • Digital Humanities • Cultural Studies • Research Methodology • Minor 8	• Literature and Comparative Methods • Minor 8 • Research Project/ Dissertation

The program structure is tentative, subject to change (if required)

The BA (Sociology) Program

The ICFAI University offers B.A. Sociology Program, emphasizing the development of skills and intellectual growth by providing practical insights in Sociology. The goal of this Program is to encourage skill-based learning while assisting students in better understanding Sociology. A Sociology Program is designed with the changing nature of society in mind to give students the skills they need to comprehend and react to these changes effectively. This programme offers students possibilities for higher study as well as several potentials in a range of industries.

Duration:

03/04 years (06/08 Semesters)

The Students will be awarded with a Certificate after completing 01 Year (02 Semesters) of study in the chosen field of study, a Diploma after 02 Years (04 Semesters) of study, a Bachelor's degree after 03 Years (06 Semesters) Program of study & a Bachelor's degree with Honours/ Honours with Research after the completion of a 04-Year Program.

Eligibility:

The Applicants should have passed Class XII (or an equivalent Examination) in any discipline with an aggregate of 40% or higher marks. Students awaiting the results of their final year Examinations in Class XII are also eligible to apply.

Program Structure:

The curriculum is primarily contemporary and innovatively designed in consultation with the academicians and the professional experts, following the guidelines of the UGC. The Program spans over 06/08 Semesters and is spread over 03/04 years. It aligns with the New Education Policy 2020. Students are introduced to the Skill Enhancement Courses, Discipline-Specific Courses, Ability Enhancement Compulsory Courses (AECC), the Generic Elective Courses and the Indian Knowledge Systems (IKS).

BA (Sociology) Program Structure

	Semester-I	Semester-II
Year-I	• Introduction to Sociology and its Basic Concepts • Principles of Management • Introduction to English Literature • Development of Hindi Language • Basics of Computer • Human Rights and Social Justice	• Major Institutions of Sociology • Business Environment • Introduction to Archaeology • Critical Thinking • Emotional Intelligence and Reasoning Skills • Teaching of Bhagavad Gita
	Semester-III	**Semester-IV**
Year-II	• Western Sociological Thought – I • Rural Sociology-I • Human Resource Management • Introduction to Democracy • Communication Skills in English – Intermediate • Tourism and Heritage Management in India	• Western Sociological Thought – II • Rural Sociology-II • Sociology of Health and Illness • Social Problems in India • Supply Chain Management • Communication Skills in English – Advanced
	Semester-V	**Semester-VI**
Year-III	• Indian Sociological Thought – I • Urban Sociology – I • Social Psychology • Retail Management • Internship	• Indian Sociological Thought – II • Sociology of Urban Spaces • Advance Social Psychology • Sociology of Race and Ethnicity • Advertisement and Brand Management

BA (Sociology) (Hons./Hons. With Research)

	Semester-VII	Semester-VIII	
		BA (Sociology) (Hons.)	**BA (Sociology)(Hons. With Research)**
Year-IV	• Social Research Methodology-I • Sociology of Law and Governance • Social Research Methodology- II • Criminology • Trainings and Development	• Industrial Sociology • Globalization and Digital World • Sociology of Consumer Culture • Social Development • Digital Marketing	• Sociology of Consumer Culture • MINOR • Research Project/ Dissertation

The program structure is tentative, subject to change (if required)

The BA (Political Science) Program

The ICFAI University offers B.A. Political Science Program, emphasizing the development of skills and intellectual growth by providing practical insights into Political Science. The goal of this Program is to encourage skill-based learning while assisting the Students in better understanding Political Science as a dynamic and an evolving field. The Program is crafted with a keen awareness of the shifting of the political dynamics, aiming to equip Students with the critical thinking and analytical skills necessary to navigate and influence these changes. This program not only paves way for further academic pursuits but also opens up a broad spectrum of career opportunities in the various fields related to political science.

Duration:

03/04 years (06/08 Semesters)

The Students will be awarded with a Certificate after completing 01 Year (02 Semesters) of study in the chosen field of study, a Diploma after 02 Years (04 Semesters) of study, a Bachelor's degree after 03 Years (06 Semesters) Program of study & a Bachelor's degree with Honours/ Honours with Research after the completion of a 04-Year Program.

Eligibility:

The Applicants should have passed Class XII (or an equivalent Examination) in any discipline with an aggregate of 40% or higher marks. Students awaiting the results of their final year Examinations in Class XII are also eligible to apply.

Program Structure:

The curriculum is primarily contemporary and innovatively designed in consultation with the academicians and the professional experts, following the guidelines of the UGC. The Program spans over 06/08 Semesters and is spread over 03/04 years. It aligns with the New Education Policy 2020. Students are introduced to the Skill Enhancement Courses, Discipline-Specific Courses, Ability Enhancement Compulsory Courses (AECC), the Generic Elective Courses and the Indian Knowledge Systems (IKS).

BA (Political Science) Program Structure		
	Semester-I	**Semester-II**
Year-I	• Principles of Political Science I • Introduction to Sociology and its Basic Concepts • Introduction to English Literature • Development of Hindi Language • Basics of Computer • Human Rights and Social Justice	• Principles of Political Science II • Classical Sociological Thought- I • Indian Literature in English • Critical Thinking • Emotional Intelligence and Reasoning Skills • Teachings of Bhagavad Gita
	Semester-III	**Semester-IV**
Year-II	• Indian Constitution • Indian Politics • Gender, Sexuality and Society • Introduction to Archeology • Communication Skills in English – Intermediate • Tourism and Heritage Management in India	• Comparative Politics • International Politics • Recent Trends in Indian Politics • Foreign Policy of India • Sociological Thought II • Communication Skills in English – Advanced
	Semester-V	**Semester-VI**
Year-III	• Major Political Ideologies • Politics of Himachal Pradesh • International Relations and Diplomacy • Social Psychology • Internship	• India's Neighborhood Policy • Governance: Issues and Challenges • Environmental Politics • Public Administration • Social Problems in India

BA (Political Science) (Hons./Hons. With Research)			
	Semester-VII	**Semester-VIII**	
		BA (Political Science) (Hons.)	**BA (Political Science)(Hons. With Research)**
Year-IV	• Research Methodology I • Western Political Thought I • Indian Political Thought I • Democracy in India • Youth and Digital Literacy in Indian Society	• Research Methodology II • Western Political Thought II • Indian Political Thought I • International Organizations • Globalization and Society	• Comparative Analysis of Electoral System • Public Policy and Social Welfare • Research Project/ Dissertation

The program structure is tentative, subject to change (if required)

The MA (English) Program

The ICFAI University offers a Two-Year Master of Arts in English- (M.A English) Program. This program is designed to equip Students with exceptional communication and critical thinking skills through a rigorous Trainings of literary theories, research methodology and reading of diverse texts the richness of human experiences and to appreciate common values and the differences between those experiences across cultures, places and times. It is designed to build critical thinking, analytical skills and research proficiency, preparing students for careers in academia, public policy and related fields.

Duration:

02 years (04 Semesters)

Eligibility:

An Applicant should have passed in Graduation in any field with 50% and above aggregate marks. The Students awaiting the final year Examination results are also eligible to apply.

MA (English) Program Structure		
	Semester-I	**Semester-II**
Year-I	• British Poetry • British Drama • British Fiction • Literary Criticism • Dalit Literature and Aesthetics • Introduction to Translation: Theory and Practice	• Modern Indian Writings in English • American Literature • Introduction to Linguistics • Modern World Literature
	Semester-III *(For Coursework/ Coursework with Research)*	**Semester-IV** *For Coursework Only (without research)*
Year-II	• Modern Literary Theory • Literature and Gender • Environmental Humanities • Existentialism and Literature • Postcolonial Literature	• Contemporary Literary Theory • Research Methodology • Indian Literature in Translation • Literature and Cinema • Current Trends in ELT • Creative Writing
	(For Research Only)	*(For Coursework with Research/ Research only)*
	• Modern Literary Theory • Postcolonial Literature • Dissertation (with viva voce)	• Contemporary Literary Theory • Research Methodology • Dissertation (with viva voce)

The program structure is tentative, subject to change (if required)

The MA (Sociology) Program

The ICFAI University offers a Two-Year regular Master of Arts in Sociology- (M.A Sociology) Program with different specializations and electives. This Program equips students with a strong foundation in classical and contemporary sociological thought, advanced research methods and critical perspectives on pressing social challenges. Emphasis is placed on nurturing analytical reasoning, ethical inquiry and empirical research skills. Graduates are well-prepared for diverse roles in teaching, policy analysis, social research, development organizations, and civil society initiatives.

Duration:

02 years (04 Semesters)

Eligibility:

An Applicant should have passed in Graduation in any field with 50% and above aggregate marks. The Students awaiting the final year Examination results are also eligible to apply.

MA (Sociology) Program Structure		
	Semester-I	**Semester-II**
Year-I	• Sociological Theory I • General Sociology • Research Methodology I • Indian Society and Culture • Sociology of Sports	• Sociological Theory II • Research Methodology II • Social Stratification • Sociology of Gender • Sports Media and Globalisation
	Semester-III *(For Coursework/ Coursework with Research)*	*For Coursework Only (without research)*
Year-II	• Advanced Sociological Theories • Sociology of Development • Life Skill and Personality Development • Sociology of Himachal Pradesh • Rural Sociology • Social Psychology	• Indian Sociological Theories • Gerontology • Sociology of Rural Development • Sociology of Management • Criminology • Environmental Justice Movements
	(For Research Only)	*(For Coursework with Research/ Research only)*
	• Advanced Sociological Theories • Sociology of Development • Generative AI and Society • Dissertation (with viva voce)	• Indian Sociological Theories • Gerontology • Dissertation (with viva voce)

The program structure is tentative, subject to change (if required)

Faculty of Science & Technology (FST)

The Faculty of Science & Technology (FST) is a constituent Faculty of The ICFAI University, Himachal Pradesh. The School offers Engineering and Science Programs with the latest pedagogical approaches at both the Undergraduate and the Postgraduate levels. FST represents a fusion of vision and values, serving as a model for the exceptional professional education that produces modern technocrats. It embodies the culmination of relentless efforts by its founders to establish an Institution for Engineering and Technology Education, aimed at nurturing technocrats capable of not only meeting the requirements of the global industries but also pioneering the cutting-edge technologies.

In our commitment to creating an outstanding learning environment at FST, we have developed a state-of-the-art infrastructure and engaged the services of a dedicated and a devoted teaching Faculty. Today, FST leads the way in providing exceptional Educational Facilities, maintaining impeccable Academic Credentials, featuring distinguished Faculty members and offering a multitude of Programs to choose from.

Programs Offered at the Faculty of Science & Technology (FST):

- Bachelor of Technology Program (CSE - Data Science) - B. Tech. (CSE- Data Science)
- Bachelor of Technology Program (CSE - Artificial Intelligence) - B. Tech. (CSE- Artificial Intelligence)
- Bachelor of Technology Program (CSE- Internet of Things)- B. Tech. (CSE- Internet of Things)
- Bachelor of Technology Program (CSE- Cyber Security)- B. Tech. (CSE- Cyber Security)
- Bachelors of Technology Program (Lateral Entry) CSE - B. Tech. (Lateral Entry) CSE
- Bachelor of Science Program Non-Medical– B.Sc. Non-Medical
- Bachelor of Science Program Medical– B.Sc. Medical
- Bachelor of Computer Application- BCA (Artificial Intelligence) / BCA (Cyber Security)/ BCA (Internet of Things) / BCA (Data Science)
- Master of Computer Application- (MCA)
- Master of Science (Physics)- M.Sc. (Physics)
- Master of Science (Chemistry)- M.Sc. (Chemistry)
- Master of Science (Mathematics)- M.Sc. (Mathematics)
- Ph.D. in Chemistry
- Ph.D. in Mathematics
- Ph.D. in Physics
- Ph.D. in Computer Science & Engineering

Strengths of Faculty of Science & Technology

- Highly qualified Faculty members with a strong emphasis on Creativity and Research.
- Strong Placement opportunities, coupled with dynamic Institute-Industry interaction.
- A vibrant Entrepreneurship and Incubation Cell, focused on Students and a unique Mentor-Mentee Program.
- Excellent ambience for teaching and learning.
- Specialization in B. Tech. Courses to make Students Industry oriented.

The B.Tech Program

The B.Tech. Program is a full-time, Campus-based Program that provides a cutting-edge Education to equip the Students with a comprehensive and critical understanding of the various branches of engineering. The following branches of engineering are offered:

- Data Science
- Artificial Intelligence
- Internet of Things
- Cyber Security

Duration:

04 Years (Eight Semesters)

Eligibility:

An Applicant should have passed Class XII (or an equivalent Examination) with 50% of aggregate marks with Mathematics, Physics, Chemistry and English as subjects. Additionally, they should have a valid JEE (Main) 2027 or HPCET 2027 score.

For the reserved category Students (SC/ST), the admission criteria are as follows:

- Pass in Class XII or an equivalent Examination with a minimum of 45% of aggregate marks, with Mathematics, Physics, Chemistry and English as subjects.
- A valid JEE (Main) 2027 or HPCET 2027 score is required for consideration.
- Additionally, the Students who are in Class XII and are awaiting their final year Examination results are also eligible to apply.

B.Tech (Lateral Entry):

Eligibility:

An Applicant should have passed a 3-year Diploma in Engineering in the respective discipline with a minimum of 50% marks in the aggregate.

Duration: 03 Years (Six Semesters)

	Program Structure of B.Tech. (DS)	
Year I	***Semester-I*** • Next Gen Computing System & Lab • Engineering Physics-I & Lab • Information Technology Tools & Lab • English (Communication & Writing) • Engineering Drawing/Graphics & Lab • Engineering Mathematics-I	***Semester-II*** • Computer Programming using C & Lab • Engineering Chemistry & Lab • Material & Processes • Environmental Sciences • 3D Animation & Lab • Engineering Mathematics-II • Computing for Data Science & Lab
Year II	***Semester-III*** • Discrete Mathematics • Digital Logic Design & Lab • Computer Organization and Architecture • Data Structures and Algorithm & Lab • Software Engineering & Testing • Data Warehousing and Data Mining & Lab • Object Oriented Programming Using C++ & Lab	***Semester-IV*** • Object Oriented Programming Using Java & Lab • Microprocessor Programming and Interfacing & Lab • Operating System & Lab • Design & Analysis of Algorithm • Database Management System & Lab • Statistics for Data Science & Lab
Year III	***Semester-V*** • Theory of Computation • Python Programming & Lab • Computer Graphics & Lab • Computer Networks & Lab • Digital Image Processing • Data Analysis and Visualization & Lab • Online Internship	***Semester-VI*** • Compiler Design • Information Security & Cryptography • Blockchain Technology & Lab • Artificial Intelligence & Lab • Cloud Computing & Lab • Machine Learning & Lab
Year IV	***Semester-VII*** • R Programming & Lab • Big Data Analytics & Lab • Deep Learning & Lab • Data Ethics & Privacy • Minor Project • Industry 4.0 • Employability Skills and Workplace Readiness	***Semester-VIII*** • Internship Program

The program structure is tentative, subject to change (if required)

	Program Structure of B.Tech. (AI)	
Year I	***Semester-I*** • Next Gen Computing System & Lab • Engineering Physics-I & Lab • Information Technology Tools & Lab • English (Communication & Writing) • Engineering Drawing/Graphics & Lab • Engineering Mathematics-I	***Semester-II*** • Computer Programming using C & Lab • Engineering Chemistry & Lab • Material & Processes • Environmental Sciences • 3D Animation & Lab • Engineering Mathematics-II • Expert System & Lab
Year II	***Semester-III*** • Discrete Mathematics • Digital Logic Design & Lab • Computer Organization and Architecture Lab • Data Structures and Algorithm & Lab • Software Engineering & Testing • Generative and Agentic AI & Lab • Object Oriented Programming Using C++ & Lab	***Semester-IV*** • Object Oriented Programming Using Java & Lab • Microprocessor Programming and Interfacing & Lab • Operating System & Lab • Design & Analysis of Algorithm • Database Management System & Lab • Introduction to AI Tools & Lab
Year III	***Semester-V*** • Theory of Computation • Python Programming & Lab • Computer Graphics & Lab • Computer Networks & Lab • Digital Image Processing • Natural Language Processing & Lab • Online Internship	***Semester-VI*** • Compiler Design • Information Security & Cryptography • Blockchain Technology & Lab • Introduction to Robotics & Lab • Cloud Computing & Lab • Machine Learning & Lab
Year IV	***Semester-VII*** • R Programming & Lab • Big Data Analytics & Lab • Deep Learning & Lab • Ethics in AI & Autonomous System • Minor Project • Industry 4.0 • Employability Skills and Workplace Readiness	***Semester-VIII*** • Internship Program

The program structure is tentative, subject to change (if required)

	Program Structure of B.Tech. (IoT)	
Year I	***Semester-I*** • Next Gen Computing System & Lab • Engineering Physics-I & Lab • Information Technology Tools & Lab • English (Communication & Writing) • Engineering Drawing/Graphics & Lab • Engineering Mathematics-I	***Semester-II*** • Computer Programming using C & Lab • Engineering Chemistry & Lab • Material & Processes • Environmental Sciences • 3D Animation & Lab • Engineering Mathematics-II • Wireless Sensor Networks & Lab
Year II	***Semester-III*** • Discrete Mathematics • Digital Logic Design & Lab • Computer Organization and Architecture Lab • Data Structures and Algorithm & Lab • Software Engineering & Testing • IoT Programming: Arduino & Lab • Object Oriented Programming Using C++ & Lab	***Semester-IV*** • Object Oriented Programming Using Java & Lab • Microprocessor Programming and Interfacing & Lab • Operating System & Lab • Design & Analysis of Algorithm • Database Management System & Lab • IoT Programming: Raspberry Pi & Lab
Year III	***Semester-V*** • Theory of Computation • Python Programming & Lab • Computer Graphics & Lab • Computer Networks & Lab • Digital Image Processing • Cyber Security in IoT& Lab • Online Internship	***Semester-VI*** • Compiler Design • Information Security & Cryptography • Blockchain Technology & Lab • App Development for IoT & Lab • Cloud Computing & Lab • Machine Learning & Lab
Year IV	***Semester-VII*** • R Programming & Lab • Big Data Analytics & Lab • Deep Learning & Lab • IoT Data Analytics • Minor Project • Industry 4.0 • Employability Skills and Workplace Readiness	***Semester-VIII*** • Internship Program

The program structure is tentative, subject to change (if required)

	Program Structure of B.Tech. (CS)	
Year I	***Semester-I*** • Next Gen Computing System & Lab • Engineering Physics-I & Lab • Information Technology Tools & Lab • English (Communication & Writing) • Engineering Drawing/Graphics & Lab • Engineering Mathematics-I	***Semester-II*** • Computer Programming using C & Lab • Engineering Chemistry & Lab • Material & Processes • Environmental Sciences • 3D Animation & Lab • Engineering Mathematics-II • Digital Forensics & Lab
Year II	***Semester-III*** • Discrete Mathematics • Digital Logic Design & Lab • Computer Organization and Architecture & Lab • Data Structures and Algorithm & Lab: • Software Engineering & Testing • Ethical Hacking & Lab • Object Oriented Programming Using C++ & Lab	***Semester-IV*** • Object Oriented Programming Using Java & Lab • Microprocessor Programming and Interfacing & Lab • Operating System & Lab • Design & Analysis of Algorithm • Database Management System & Lab • Introduction to Cyber Security Tools& Lab
Year III	***Semester-V*** • Theory of Computation • Python Programming & Lab • Computer Graphics & Lab • Computer Networks & Lab • Digital Image Processing • Firewall and Intrusion Detection & Lab • Online Internship	***Semester-VI*** • Compiler Design • Information Security & Cryptography • Blockchain Technology & Lab • Web Application Security & Lab • Cloud Computing & Lab • Machine Learning & Lab
Year IV	***Semester-VII*** • R Programming & Lab • Big Data Analytics & Lab • Deep Learning & Lab • Incident Response and Management • Minor Project • Industry 4.0 • Employability Skills and Workplace Readiness	***Semester-VIII*** • Internship Program

The program structure is tentative, subject to change (if required)

The B.Sc. (Non-Medical) Program

B.Sc. (Non-Medical) Program is a 03/04 Year, Campus-based educational Program designed to provide Students with a comprehensive and thorough understanding of the various scientific subjects. This Program is tailored for Students who are interested in pursuing a Science-focused education but do not have a medical orientation.

Duration:

03/04 Years (06/08 Semesters)

The Students will be awarded with a Certificate after completing 01 Year (02 Semesters) of study in the chosen field of study, a Diploma after 02 Years (04 Semesters) of study, a Bachelor's degree after 03 Years (06 Semesters) Program of study & a Bachelor's degree with Honours/ Honours with Research after the completion of a 04-Year Program.

Eligibility:

An Applicant should have passed Class XII with PCM (Physics, Chemistry and Mathematics) having an aggregate of 50% or higher marks. Students in Class XII who are awaiting their final year Examination results are also eligible to apply.

Program Structure:

The B.Sc. (Non-Medical) Program spans over 06/08 Semesters, which are spread across 03/04 years. Students are also encouraged to undertake the Project work during the 6th Semester.

Program Structure of B.Sc. (Non-Medical)		
	Semester-I	**Semester-II**
Year-I	• Differential Equation • Mechanics • Physics Lab-I • Atomic Structures, Bonding and Organic Chemistry of Functional Group-I • Atomic Structures, Bonding and Organic Chemistry of Functional Group-I Practical • Communication Skills in English – I • Human Rights and Social Justice	• Algebra and Trigonometry • Numerical Analysis • Electricity and Magnetism • Physics Lab-II • Chemical Energetics, Equilibria and Organic Chemistry of Functional Group-II • Chemical Energetics, Equilibria and Functional Group Organic-II Practical • Environmental Studies • Communication Skills in English – II • Life Skills and Personality Development
Students exiting the Program after completing II semesters will be awarded a UG Certificate in B.Sc. (Non-Medical) (Chemistry/Physics/Mathematics)		
	Semester-III	**Semester-IV**
Year-II	• Real and Complex Analysis • Waves and Vibration • Physics Lab-III • Solution, Thermodynamics, Conductance Electrochemistry and Organic Chemistry of Functional Group-III • Solution, Thermodynamics, Conductance Electrochemistry and Organic Chemistry of Functional Group-III Practical • Artificial Intelligence in Sciences • Fuel Chemistry / Basic Pharmaceutical Chemistry / Chemistry of Cosmetics and Perfumes • Hindi	• Advance Calculus • Probability and Statistics • Statistical Mechanics and Thermodynamics • Physics Lab IV • Chemistry of Main Group Elements, Theories of Acids and Bases • Chemistry of Main Group Elements, Theories of Acids and Bases Practical • Human Values & Professional Ethics
Students exiting the Program after completing IV semesters will be awarded UG Diploma in B.Sc. (Non-Medical) (Chemistry/Physics/Mathematics)		
	Semester-V	**Semester-VI**
Year-III	• Linear Algebra • Optics and Fiber Optics • Physics Lab-V • Transition Metal & Coordination Chemistry, States of Matter & Chemical Kinetics • Transition Metal & Coordination Chemistry, States of Matter & Chemical Kinetics Practical • Electrical Circuit and Network Skill / Renewable Energy and Energy Harvesting / Mechanical Drawing / Nano Science	• Abstract Algebra • Ordinary Differential Equations • Electronics • Physics Lab-VI • Organometallic, Bioinorganic Chemistry, Polynuclear Hydrocarbons and UV, IR Spectroscopy • Organometallic, Bioinorganic Chemistry, Polynuclear Hydrocarbons and UV, IR Spectroscopy Practical • Employability Skills and Workplace Readiness
Students exiting the Program after completing VI semesters will be awarded UG Degree in B.Sc. (Non-Medical)		
	Semester-VII	**Semester-VIII**
Year-IV	• Classical Mechanics • Quantum Mechanics • Physics Lab-VII • Analytical Method in Chemistry • Analytical Method in Chemistry Practical • Review of Literature and Seminar • Research and Publication Ethics	• Solid Mechanics • Nuclear, Particle and Laser Physics • Physics Lab VIII • Organic Reaction Mechanism • Organic Reaction Mechanism Practical • Research Project
Students will be awarded UG Degree in Honours/Honours with Research in the relevant discipline upon securing minimum credits, subjects to minimum credit requirement in respective subjects.		

The program structure is tentative, subject to change (if required)

The B.Sc (Medical) Program

B.Sc. Medical is a 03/04 Years Undergraduate Degree Program. It encompasses the study of various disciplines related to Human Health, resulting in a comprehensive understanding of Human Biology and associated Research skills, including Study design, Statistics and Lab. techniques.

Duration:

03/04 Years (06/08 Semesters)

The Students will be awarded with a Certificate after completing 01 Year (02 Semesters) of study in the chosen field of study, a Diploma after 02 Years (04 Semesters) of study, a Bachelor's degree after 03 Years (06 Semesters) Program of study & a Bachelor's degree with Honours/ Honours with Research after the completion of a 04-Year Program.

Eligibility:

An Applicant should have passed Class XII with PCB (Physics, Chemistry and Biology) having an aggregate of 50% or higher marks. Students in Class XII who are awaiting their final year Examination results are also eligible to apply.

Program Structure:

The B.Sc. (Medical) Program spans over 06/08 Semesters and is spread over 03/04 years. The Students are also encouraged to undertake the Project work during the 6th Semester.

Program Structure of B.Sc. (Medical)		
	Semester-I	**Semester-II**
Year-I	• Animal Biodiversity • Animal Biodiversity Practical • Plant Biodiversity • Plant Biodiversity Practical • Atomic Structures, Bonding and Organic Chemistry of Functional Group-I • Atomic Structures, Bonding and Organic Chemistry of Functional Group-I Practical • English/Communication Skills • Vermiculture and Vermicompost • Human Rights and Social Justice	• Comparative Anatomy of Vertebrates • Comparative Anatomy of Vertebrates Practical • Plant Ecology and Taxonomy • Plant Ecology and Taxonomy Practical • Chemical Energetics, Equilibria and Organic Chemistry of Functional Group-II • Chemical Energetics, Equilibria and Organic Chemistry of Functional Group-II Practical • Environmental Science • English/Communication Skill • Life Skills and Personality Development
Students exiting the Program after completing II semesters will be awarded a UG Certificate in B.Sc. (Medical) (Botany/Zoology/Chemistry)		
	Semester-III	**Semester-IV**
Year-II	• Animal Physiology and Biochemistry • Animal Physiology and Biochemistry Practical • Anatomy and Embryology of Angiosperms • Anatomy and Embryology of Angiosperms Practical • Solution, Thermodynamics, Conductance, Electrochemistry and Organic Chemistry of Functional Group-III • Solution, Thermodynamics, Conductance, Electrochemistry and Organic Chemistry of Functional Group-III Practical • Hindi/Communication Skills • Artificial Intelligence in Sciences • Fuel Chemistry / Basic Pharmaceutical Chemistry / Chemistry of Cosmetics and Perfumes	• Genetics and Evolutionary Biology • Genetics and Evolutionary Biology Practical • Plant Physiology and Metabolism • Plant Physiology and Metabolism Practical • Chemistry of Main Group Elements, Theories of Acids and Bases • Chemistry of Main Group Elements, Theories of Acids and Bases Practical • Mushroom Cultivation Technology • Human Values and Professional Ethics
Students exiting the Program after completing IV semesters will be awarded UG Diploma in B.Sc. (Medical) (Botany/Zoology/Chemistry)		
	Semester-V	**Semester-VI**
Year-III	• Ecology and Animal Behaviour • Ecology and Animal Behaviour Practical • Economic Botany and Biotechnology • Economic Botany and Biotechnology Practical • Transition Metal & Coordination Chemistry, States of Matter & Chemical Kinetics • Transition Metal & Coordination Chemistry, States of Matter & Chemical Kinetics Practical • Ethnobotany	• Parasitology and Animal Husbandry • Parasitology and Animal Husbandry Practical • Cell and Molecular Biology • Cell and Molecular Biology Practical • Organometallic, Bioinorganic Chemistry, Polynuclear Hydrocarbons and UV, IR Spectroscopy • Organometallic, Bioinorganic Chemistry, Polynuclear Hydrocarbons and UV, IR Spectroscopy Practical • Medical Diagnostics • Employability Skills and Workplace Readiness
Students exiting the Program after completing VI semesters will be awarded UG Degree in B.Sc. (Medical)		
	Semester-VII	**Semester-VIII**
Year-IV	• Developmental and Reproductive Biology • Developmental and Reproductive Biology Practical • Analytical Techniques in Plant Sciences • Analytical Techniques in Plant Sciences Practical • Analytical Methods in Chemistry • Analytical Methods in Chemistry Lab • Research and Publication Ethics • Review of Literature	• Cancer & Immunology • Cancer & Immunology Practical • Bioinformatics and Biostatistics • Bioinformatics Practical • Organic Reaction Mechanisms • Organic Reaction Mechanisms Practical • Research Project
Students will be awarded UG Degree in Honours/Honours with Research in the relevant discipline upon securing minimum credits, subjects to minimum credit requirement in respective subjects.		

The program structure is tentative, subject to change (if required)

The BCA Programs

BCA is a 03/04 Years Undergraduate Degree Program that focuses on the fundamentals of Computer applications and Software development. The BCA Course includes topics like the Database Management Systems, Operating Systems, Software Engineering, Web Technology and Programming Languages such as C, C++, HTML and Java among others.

The following branches are offered:

- Artificial Intelligence
- Cyber Security
- Internet of Things
- Data Science

Duration: 03/04 Years (06/08 Semesters)

The Students will be awarded with a Certificate after completing 01 Year (02 Semesters) of study in the chosen field of study, a Diploma after 02 Years (04 Semesters) of study, a Bachelor's degree after 03 Years (06 Semesters) Program of study & a Bachelor's degree with Honours/ Honours with Research after the completion of a 04-Year Program.

Eligibility:

An Applicant should have passed the 10+2 Examination (or an equivalent Examination) with an aggregate of at least 50% marks in any discipline. The class XII Students awaiting the results of their final year Examinations are also eligible to apply.

Program Structure:

BCA Program is spread over 06/08 Semesters spanning 03/04 years. The Students are also encouraged to undertake Project work during the Sixth Semester.

Program Structure of BCA (AI)		
Year-I	**Semester-I**	**Semester-II**
	• Computer Fundamental & C Programming & Lab • Introduction to Artificial Intelligence & Lab • Basic Electronics & Lab • English Communication Skills Fundamental Mathematics • Environmental Science	• Object Oriented Programming Using C++ & Lab • Introduction to AI Tools & Lab • Microprocessor Programming • Web Technology & Lab • Discrete Mathematics • Indian Knowledge System(IKS)
Year-II	**Semester-III**	**Semester-IV**
	• Database Management System & Lab • Computer Networks & Lab • Python Programming & Lab • Probability & Statistics • Visual Communication • Data Warehousing & Data Mining	• Operating System & Lab • Computer Graphics & Lab • Generative & Agentic AI Lab
Year-III	**Semester-V**	**Semester-VI**
	• R Programming & Lab • Information Security & Cryptography • DSE-I (Wireless & Mobile Computing) • DSE-II (Cloud Computing) • Information Retrieval System • Online Internship	• Machine Learning & Lab • Introduction to Robotics & Lab • DSE-III (Blockchain Technology) • Seminar • Project • Employability Skills and Workplace Readiness
BCA (Hons.) Artificial Intelligence		
Year-IV	**Semester-VII**	**Semester-VIII**
	• Research Methodology • DSE-IV (Deep Learning) • Digital Image Processing • Big Data & Lab • Data Visualization and Interpretation & Lab	• Natural Language Processing • Digital forensics • Research Project & Dissertation

The program structure is tentative, subject to change (if required)

Program Structure of BCA(CS)		
Year-I	**Semester-I**	**Semester-II**
	• Computer Fundamental & C Programming & Lab • Fundamentals of Cyber Security & Lab • Basic Electronics & Lab • English Communication Skills • Fundamental Mathematics • Environmental Science	• Object Oriented Programming Using C++ & Lab • Network Security& Lab • Microprocessor Programming • Web Technology & Lab • Discrete Mathematics • Indian Knowledge System(IKS)
Year-II	**Semester-III**	**Semester-IV**
	• Database Management System & Lab: • Computer Networks & Lab • Python Programming & Lab • Probability & Statistics • Visual Communication • Data Warehousing & Data Mining	• Operating System & Lab • Computer Graphics & Lab • Cyber Security Techniques & Tools • Software Engineering & Testing • Cyber Attacks & Lab
Year-III	**Semester-V**	**Semester-VI**
	• R Programming & Lab • Information Security & Cryptography • DSE-I (Wireless & Mobile Computing) • DSE-II (Cloud Computing) • Cyber Laws & IPR • Online Internship	• Machine Learning & Lab • Firewall and Intrusion Detection & Lab • DSE-III (Blockchain Technology) • Seminar • Project • Employability Skills and Workplace Readiness
BCA (Hons.)-Cyber Security		
Year-IV	**Semester-VII**	**Semester-VIII**
	• Research Methodology • DSE-IV (Deep Learning) • Digital Image Processing • Big Data & Lab • Data Visualization and Interpretation & Lab	• Natural Language Processing • Digital Forensics • Research Project & Dissertation

The program structure is tentative, subject to change (if required)

Program Structure of BCA (IoT)		
Year-I	**Semester-I**	**Semester-II**
	• Computer Fundamental & C Programming & Lab • Introduction to IoT & Lab • Basic Electronics & Lab • English Communication Skills • Fundamental Mathematics • Environmental Science	• Object Oriented Programming Using C++ & Lab • IoT Programming: Arduino & Lab • Microprocessor Programming • Web Technology & Lab • Discrete Mathematics • Indian Knowledge System(IKS)
Year-II	**Semester-III**	**Semester-IV**
	• Database Management System & Lab • Computer Networks & Lab • Python Programming & Lab • Probability & Statistics • Visual Communication • Data Warehousing & Data Mining	• Operating System & Lab • Computer Graphics & Lab • IoT Data Analytics • Software Engineering & Testing • Cyber Security in IoT & lab
Year-III	**Semester-V**	**Semester-VI**
	• R Programming & Lab • Information Security & Cryptography • DSE-I (Wireless & Mobile Computing • DSE-II (Cloud Computing) • Sensors & Actuators • Online Internship	• Machine Learning & Lab • IoT Programming Raspberry Pi & Lab • DSE-III (Blockchain Technology • Seminar • Project • Employability Skills and Workplace Readiness
BCA (Hons.) Internet of Things		
Year-IV	**Semester-VII**	**Semester-VIII**
	• Research Methodology • DSE-IV (Deep Learning) • Digital Image Processing • Big Data & Lab • Data Visualization and Interpretation & Lab	• Natural Language Processing • Digital forensics • Research Project & Dissertation

The program structure is tentative, subject to change (if required)

Program Structure of BCA (DS)		
Year-I	**Semester-I**	**Semester-II**
	• Computer Fundamental & C Programming & Lab • Introduction to Data Science & Lab • Basic Electronics &Lab • English Communication Skills • Fundamental Mathematics • Environmental Science	• Object Oriented Programming Using C++ & Lab • Computing for Data Science & Lab • Microprocessor Programming • Web Technology & Lab • Discrete Mathematics • Indian Knowledge System(IKS)
Year-II	**Semester-III**	**Semester-IV**
	• Database Management System & Lab • Computer Networks & Lab • Python Programming & Lab • Probability & Statistics • Visual Communication • Data Warehousing & Data Mining	• Operating System & Lab • Computer Graphics & Lab • Statistics for Data Science • Software Engineering & Testing • Exploratory Data Analysis & Lab
Year-III	**Semester-V**	**Semester-VI**
	• R Programming & Lab • Information Security & Cryptography • DSE-I (Wireless & Mobile Computing) • DSE-II (Cloud Computing) • Emerging Technologies in the Global Business Environment • Online Internship	• Machine Learning & Lab • Data Analysis Using MS Excel And SQL & Lab • DSE-III (Blockchain Technology) • Seminar • Project • Employability Skills and Workplace Readiness
BCA (Hons.)-Data Science		
Year-IV	**Semester-VII**	**Semester-VIII**
	• Research Methodology • DSE-IV (Deep Learning) • Digital Image Processing • Big Data & Lab • Data Visualization and Interpretation & Lab	• Natural Language Processing • Digital forensics • Research Project & Dissertation

The program structure is tentative, subject to change (if required)

MCA Program

MCA is a Postgraduate Degree Program that focuses on Computer Applications, Computer Science and Programming Languages. The objective of the MCA Course is to cultivate information technology professionals.

Duration:

02 Years (04 Semesters)

Eligibility:

An Applicant to be eligible for MCA Program should have passed Bachelor in Computer Applications (BCA), B.Sc. in Computer Science, B.Sc. in Information Technology, B.A. in Computer Science or a B.A. in Information Technology. Alternatively, any Graduate with 20-24 credits in the computer-related subjects or a minimum of 06 computer Courses having studied during his/her Under Graduate Degree (in case of a Degree without a credit system) is eligible, provided he/she has attained at least 50% marks (5% relaxation for the SC/ ST category) from a recognized University/ Higher Education Institution.

Program Structure of MCA		
Year-I	**Semester-I**	**Semester-II**
	• Fundamental of Computers & Emerging Technologies • Data Structure& Problem Solving Using C & Lab • Computer Organization & Operating System • Database Management System & Lab • Software Engineering & Testing • Discrete Mathematics	• Object Oriented Programming using Java & Lab • Automata Theory & Formal Languages • Computer Network • Design and Analysis of Algorithms & Lab • Web Technology & Lab • Business Communication
Year-II	**Semester-III**	**Semester-IV**
	• Python Programming & Lab • **Elective-I:** • 1) Cryptography & Network Security • 2) Blockchain Fundamental • 3) Wireless & Mobile Computing • 4) Big Data Analytics • **Elective-II:** • 1) Cloud Computing • 2) Internet of Things • 3) Soft Computing • Machine Learning& Lab • Artificial Intelligence • Business Management • Employability Skills and Workplace Readiness	• Dissertation (Project)

The program structure is tentative, subject to change (if required)

M.Sc Programs

M.Sc. Programs are structured to help the Students to enhance their intellectual and Lab. skills. The Program emphasizes on the development of the Industrial applications and encourages the Students in their Research.

Duration: 02 Years (04 Semesters)

Eligibility:

- **M.Sc. Chemistry:** An Applicant should have passed B.Sc. (Medical/Non-Medical) with a minimum of 50% marks (5% relaxation for the SC/ST category) in the aggregate or an equivalent CGPA.
- **M.Sc. Physics:** An Applicant should have passed B.Sc. (Non-Medical), with a minimum of 50% marks (5% relaxation for the SC/ST category) in the aggregate or an equivalent CGPA.
- **M.Sc. Mathematics:** An Applicant should have passed B.Sc. (Non-Medical), B.A with mathematics, with a minimum of 50% marks (5% relaxation for the SC/ST category) in the aggregate or an equivalent CGPA.

Program Structure:

The M.Sc. Program is completed in 04 Semesters spread over 02 years. The Students are also required to undertake a dissertation or a Project in the 2nd year. For the Graduates who wish to specialize in a specific area of Science, the University offers Master of Science Programs in the following four subjects with specializations in the respective fields:

- M.Sc. in Chemistry with specialization in Organic/ Inorganic/Physical or Pharmaceutical Chemistry.
- M.Sc. in Physics with specialization in Laser Physics or Semiconductor Electronics.
- M.Sc. in Mathematics with specialization in Special Functions or Fluid Dynamics.

	Program Structure of M.Sc (Chemistry)	
Year-I	**Semester-I**	
	• Inorganic Chemistry & Group Theory • Inorganic Chemistry Practical –I • Organic Reaction Mechanism and Stereochemistry • Organic Chemistry Practical –I • Molecular Spectroscopy • Physical Chemistry Practical –I • Mathematics for Chemists and Applications of computer in Chemistry • Computer Lab Practical-I	
	Semester-II	
	• Metal Ligand Bonding & Magneto chemistry • Inorganic Chemistry Practical-II • Organic Reactions & Reagents • Organic Chemistry Practical - II • Thermodynamics • Physical Chemistry Practical-II • Chemistry of Life & Environmental Chemistry	
Year-II	**Semester-III**	
	• Analytical & Nuclear Chemistry • Organic Spectroscopy • Statistical Thermodynamics and Basic Quantum Chemistry • Employability Skills and Workplace Readiness **Specialization (Opt. anyone)** • Inorganic Chemistry Special Theory • Organic Chemistry Special Theory • Physical Chemistry Special Theory • Pharmaceutical Chemistry Special Theory **Chemistry Lab (Opt. any one)** • Inorganic Lab • Organic Lab • Physical Lab • Pharmaceutical Lab	
	Semester-IV	
	Inorganic Chemistry Specialization: • Advanced Organometallics • Inorganic Spectroscopy • Bio-inorganic Chemistry • Internship/ Project Dissertation and Seminar	**Organic Chemistry Specialization** • Natural Products • Synthetic Strategy • Medicinal Chemistry • Internship/ Project Dissertation and Seminar
	Physical Chemistry Specialization • Advanced Quantum Chemistry • Solid State Chemistry • Bio Physical Chemistry • Internship/Project Dissertation and Seminar	**Pharmaceutical Chemistry Specialization** • Medicinal Chemistry • Drug Discovery • Pharmaceutics–II • Internship/Project Dissertation and Seminar

	Program Structure of M.Sc (Physics)	
Year-I	**Semester-I**	**Semester-II**
	• Mathematical Physics • Classical Mechanics • Electromagnetic Theory • Quantum Mechanics-I • Solid State Physics • Physics Laboratory-I	• Quantum Mechanics-II • Statistical Mechanics • Computational Physics • Atomic and Molecular Physics • Photonics • Physics Laboratory-II
Year-II	**Semester-III**	**Semester-IV**
	• Condensed Matter Physics • Nuclear and Particle Physics • Laser and Fiber Optics • Electronics-I • Minor Project / Seminar • Physics Laboratory-III • Employability Skills and Workplace Readiness	• Advanced Condensed Matter Physics / Semiconductor Electronics (Elective) • Nano Science / Non-Linear Dynamics (Elective) • Space Physics / Quantum Field Theory (Elective) • Electronics-II & Experimental Physics • Major Project

	Program Structure of M.Sc. (Mathematics)	
Year-I	**Semester-I**	**Semester-II**
	• Real Analysis-I • Advanced Algebra-I • Ordinary Differential Equations • Classical Mechanics • Numerical Analysis & Computational Methods (Theory + Lab)	• Real Analysis-II • Advanced Algebra-II • Partial Differential Equations • Fluid Dynamics • Solid Mechanics
Year-II	**Semester-III**	**Semester-IV**
	• Complex Analysis • Topology • Mathematical Statistics • Analytic Number Theory • Differential Geometry • Employability Skills and Workplace Readiness	• Operations Research • Magneto Fluid Dynamics • Advanced Discrete Mathematics • Functional Analysis • Major Project (Dissertations) • Mathematical Computing and IT Applications

The program structure is tentative, subject to change (if required)

Faculty of Law (FOL)

The Faculty of Law (FOL) is a constituent Faculty of the ICFAI University, Himachal Pradesh and has been established with an objective of developing a new generation of the legal professionals through a comprehensive, contemporary body of knowledge integrating Law with Management/ Humanities and through the rigorous Education and Research Programs. The Faculty of Law at present offers a 05 year integrated B.A.-LL.B. (Hons.), BBA-LL.B. (Hons.) and LL.B. (03 Year), LL.M. (01 year) and Ph.D. in Law Programs. The Faculty of Law facilitates its Students to explore their intellectual potential and encourages their professional development through a fine blend of career-oriented Courses and compulsory internships with Eminent Lawyers, Law Firms, MNCs, PSUs, NGOs and International Organizations etc. The Programs are thus designed to impart legal knowledge and skills, both theoretical and practical, to the Students to make them leaders in their professional life.

Programs Offered at the FOL

- 5 Year Integrated Bachelor of Arts with Bachelor of Law (B.A. LL. B (Honours))
- 5 Year Integrated Bachelor of Business Administration with Bachelor of Law (B.B.A LL.B. (Honours))
- 3 Year Bachelor of Law (LL.B.)
- 1 Year Master of Laws (LL.M)
- Ph.D. in Law

Strengths of the FOL

- Enthusiastic and Committed Faculties
- Innovative Teaching Pedagogy & Resourceful Library
- Court Visits
- Job Oriented Courses
- Mentoring Process
- Legal Aid Clinic and Awareness Cell
- Moot Court

The B.A-LL.B. (Honours) Program

The B.A. LL.B. (Hons.) Program is a 05 Year Campus based Program offered with a view to impart in-depth knowledge and broad understanding of the subject. The Program focuses on various areas of Social Science, Liberal Arts and Law. The Program emphasizes to imbibe the Students with the necessary values required for professing themselves in the competitive world beyond the University.

Duration: Five Years (Ten Semesters)

Eligibility: An Applicant should have passed Class XII (or an equivalent Examination) in any discipline with an aggregate of 45% or higher marks. Students awaiting the results of their final year Examinations in Class XII are also eligible to apply.

For the reserved category Students OBC and (SC/ST), the minimum eligibility is 42% and 40% respectively and above aggregate marks in Class XII or an equivalent Examination in any discipline. The Candidates should not be more than 20 Years of age in case of the General/Open category and 22 Years in case of the SC/ST category as on the date of admission.

Program Structure: The Curriculum is mostly contemporary and innovatively designed and developed in association with academicians and professional experts and as per the guidelines of the Bar Council of India. The Program offers legal internships after every year. The Program consists of 70 Courses covered in ten Semesters spread over five years. 5th Semester onwards the Students will be exposed to various elective Courses. 7th Semester onwards the Students will be exposed to the Honours Courses, in their respective field of specialization. The actual offering of electives will however, depend on an optimal number of Students opting for the same elective, which is decided from time to time.

BA.LL.B. (Hons.) Program Structure		
First Year	**Semester I**	**Semester II**
	• English Communication • Micro Economics • Political Science – I • Introduction to Computers • Constitutional Law - I • General Principles of Contract • Fundamentals of Jurisprudence	• Legal English • Macro Economics • Political Science – II • Law & Society • Constitutional Law - II • Special Contracts • Law of Torts & Consumer Protection
Legal Internship Program - I		
Second Year	**Semester III**	**Semester IV**
	• Introduction to Psychology • Political Science- III • Indian Economy • Sociology I • Bharatiya Nyaya Sanhita -I • Family Law – I • Environment Law	• Entrepreneurship • Political Science- IV • Money, Banking & Public Finance • Sociology II • Bharatiya Nyaya Sanhita - II • Family Law-II • Interpretation of Statues
Legal Internship Program - II		
Third Year	**Semester V**	**Semester VI**
	• History – I • Intellectual Property Law • Bharatiya Nagarik Suraksha Sanhita-I • Public International Law • Labour Laws-I • Cyber Laws • Alternative Dispute Resolution (Clinical Course – I)	• History – II (Legal & Constitutional History) • Administrative law • Bharatiya Nagarik Suraksha Sanhita- II • Women and Child Laws • Labour Laws-II • Law of Trust & Equity • Legal Ethics (Clinical Course – II)
Legal Internship Program - III		
Fourth Year	**Semester VII**	**Semester VIII**
	• Code of Civil Procedure-I • Property Law • Company Law – I • Drafting, Pleading and Conveyance (Clinical Course –III) • Elective – I • Honours Paper – I • Honours Paper – II	• Code of Civil Procedure-II • Bharatiya Sakshya Adhiniyam • Company Law II • Moot Court (Clinical Course – IV) • Elective – II • Honours Paper – III • Honours Paper – IV
Legal Internship Program - IV		
Fifth Year	**Semester IX**	**Semester X**
	• Law of Taxation • Banking and Insurance Laws • Human Rights and Humanitarian Law • Elective – III • Elective – IV • Honours Paper – V • Honours Paper – VI	• Mediation • Land Laws • Law of Medicine and Mental Health • Elective – V • Elective – VI • Honours Paper – VII • Honours Paper – VIII
Legal Internship Program - V		

The program structure is tentative, subject to change (if required)

The B.B.A-LL.B. (Honours) Program

The B.B.A. LL.B. (Hons.) Program is a 05 Year Campus based Program offered with a view to impart in-depth knowledge and broad understanding of the subject. The Program focuses on various areas of Management and Law. The Program emphasizes to imbibe the Students with the necessary values required for professing themselves in the competitive Corporate world beyond the University.

Duration:

Five years (Ten Semesters)

Eligibility: An Applicant should have passed Class XII (or an equivalent Examination) in any discipline with an aggregate of 45% or higher marks. The Students awaiting the results of their final year Examination in Class XII are also eligible to apply.

For the reserved category Students OBC and (SC/ST), the minimum eligibility is 42% and 40% respectively and above aggregate marks in Class XII or equivalent in any discipline. The Candidates should not be more than 20 Years of age in case of the General/Open category and 22 Years in case of the SC/ST category on the date of admission.

Program Structure:

The Curriculum is mostly contemporary and innovatively designed and developed in association with academicians and professional experts and as per the guidelines of the Bar Council of India. The Program offers legal internships after every year. The Program consists of 70 Courses covered in ten Semesters spread over five years. 5th Semester onwards the Students will be exposed to various elective Courses. 7th Semester onwards, the Students will be exposed to the Honours Courses, in their respective field of specialization. Legal Internship Program - V		

The program structure is tentative, subject to change (if required)

Elective Papers

(Common to BA-LLB & BBA-LLB Programs)

Constitutional Law:

- Media Law, Law, Poverty and Developments, Local Self Government

Crime & Criminology:

- Criminology & Penology, Prison Administration, Probation and Parole

International Law:

- Citizenship and Immigration Law, Private International Law.

International Trade Law:

- International Commercial, Arbitration International Trade Law, Dumping and Countervailing Duty

Business Law:

- Law of Corporate Finance, Law of Tenders, Legal Regulation of Economic Ent.

Law & Agriculture:

- Law on Agricultural Finance, Farmers and Breeders Rights, Law on Agriculture Infrastructure.

Honors Courses

Criminal Law Group

- Criminology and Criminal Justice Administration, Penology and Victimology, Corporate and White-Collar Crimes, Women and Criminal Law, International Criminal Law and International Criminal, Comparative Criminal Procedure, Offences Against Children and Juvenile Offences, Criminal Psychology

Constitutional Law Group:

- Service Law, Election Law, Affirmative Action & Discriminative Justice, Gender Justice & Feminist Jurisprudence, Law of Local Self Government, Legislative Drafting, Indian Federalism, Comparative Constitutional Law.

Business Law Group:

- Corporate Governance, Corporate and White-Collar, Insolvency and Bankruptcy Code, Energy Laws, Law of Infrastructure Development, Investment Law, Competition Law, Advanced Contracts-Evolving Jurisprudence in Contracts Law

International Law Group:

- Law of International Organizations, Law of Armed Conflicts, International Environmental Law, International Labor Organizations and Labor Law, International Criminal Law and International Criminal Court, International Human Rights Law, Maritime Law, Air and Space Law

Intellectual Property Rights Law Group:

- Law of Copyright, Law of Patents, Law of Trademarks, Designs and GI, IPR Valuation and Management, IPR Protection and Technology, IPR & Pharma Industry, Biotechnology and Patent Law, Intellectual Property & Bio-Ethics.

Cyber and Data Protection Laws Group:

- Artificial Intelligence and Robotics Law & Regulations, Cyber Crimes, E-Commerce and Law, Data Privacy and Protection Law, Block Chain and Crypto Currency: Legal Analytics, Cyber Security and Cyber Forensics, E-Governance and Judicial Administration, Emerging Technologies Related Concepts and Law

The LL.B. Program

The LL.B. Program is a Three-Year Campus based Program offered with a view to impart in-depth knowledge and broad understanding of the subject. The Program focuses on specialization of the discourse of Law. After the completion of the LL. B Program the Students can practice Law as an Advocate.

Duration:

Three years (Six Semesters)

Eligibility:

An Applicant should have passed graduation (or an equivalent Examination) in any discipline with an aggregate of 45% or higher marks. For SC/ST and OBC, the aggregate passing marks shall be 40% and 42% respectively. Students awaiting the results of their final year Examinations are also eligible to apply.

Program Structure:

The curriculum is mostly contemporary and innovatively designed and developed in association with academicians and professional experts and as per the guidelines of the Bar Council of India. The Program is organized into six Semesters spread over three years. There are legal internships after every year. The Program consists of 36 Courses covered in six Semesters spread over three years. In every Semester, Students are exposed to elective Courses. The actual offering of electives will however, depend on an optimal number of Students opting for the same elective, which is decided from time to time.

LL.B. Program Structure		
	Semester-I	**Semester-II**
First Year	• General Principles of Contracts • Constitutional Law – I • Bharatiya Nyaya Sanhita • Family Law-I • Cyber Laws • Elective – I	• Special Contracts • Constitutional Law – II • Labour Laws • Family Law-II • Law of Torts and Consumer Protection • Elective – II
Legal Internship - I		
	Semester-III	**Semester-IV**
Second Year	• Bharatiya Nagarik Suraksha Sanhita • Fundamentals of Jurisprudence • Intellectual Property Law • Human Rights and Humanitarian Law • Alternative Dispute Resolution (Clinical Course – I) • Elective – III	• Code of Civil Procedure & Limitation Act • Administrative Law • Mediation • Bharatiya Sakshya Adhiniyam • Legal Ethics (Clinical Course – II) • Elective – IV
Legal Internship - II		
	Semester-V	**Semester-VI**
Third Year	• Environment Law • Banking and Insurance Laws • Property Law • Company Law • Drafting, Pleading and Conveyance (Clinical Course – III) • Elective – V	• Interpretation of Statues • Law of Taxation • Public International Law • Land Laws • Moot Court (Clinical Course – IV) • Elective – VI
Legal Internship - III		

The program structure is tentative, subject to change (if required)

Elective Courses

Constitutional Law

- Media Law, Law, Poverty and Development

Crime & Criminology:

- Criminology & Penology, Prison Administration

International Law:

- Citizenship and Emigration Law, Private International Law

International Trade Law:

- International Commercial Arbitration, International Trade Law

Business Law:

- Takeovers & Mergers, Law of Tenders

Law & Agriculture:

- Law on Agricultural Finance, Farmers and Breeders Rights

The LL.M. Program

The LL.M. Program is designed to provide advanced legal Education and specialized Trainings to the legal professionals seeking to deepen their understanding of law and enhance their expertise in the specific areas of law. The objectives of the LL.M. Program are manifold, aiming to equip the graduates with the knowledge, skills and the perspectives necessary to excel in a dynamic legal landscape.

Duration :

One Year (02 Semesters)

Eligibility:

Candidates should have passed the Three or Five-years LL.B. Degree from any Indian or Foreign University recognized by the UGC with at least 50% Marks or an equivalent Grade (45% for SC/ST Candidates). Candidates (who have appeared for the final year LL.B. examination) awaiting result of the qualifying examination can appear for the Entrance Test, subject to the condition that they produce the certificate of having passed the qualifying examination as the timeline fixed by the University. A candidate shall be eligible for appearing in the Post Graduate Entrance Test (PET) for the admission to LL.M. (One Year) Degree Program, if he or she has passed LL.B. or equivalent degree securing not less than 50% marks in aggregate considering all the papers in Three Year or Five-Year Degree Course as recognized by the Bar Council of India.

LL.M. Program Structure		
First Year	**Semester-I**	**Semester-II**
	• Research Methodology and Legal Writing • Law and Justice in a Globalized World	• Comparative Public Law
	Specialization- I : Constitutional and Administrative Law	
	• Centre-State Relations and Constitutional Governance • Local Self Governance and Direct Democracy • Fundamental Rights and Directive Principles	• Media Law • General Principles of Administrative Law • Constitutionalism, Pluralism and Federalism • Dissertation
	Specialization- II : Corporate and Commercial Law	
	• Corporate Management and Governance • Banking and Insurance Law • Competition Law	• Laws on securities and Financial Markets • Mergers and Acquisitions • International Commercial Arbitration • Dissertation
	Specialization– III : Criminal Law	
	• Criminology, Penology and Victimology • Criminal Law in India • Law and Organised Crime	• Violence and Criminal Justice System • Juvenile Delinquency • Cyber Crimes • Dissertation

Faculty of Pharmaceutical Sciences (FPS)

Knowledge and Skills play a crucial role in finding the solutions to the various challenges associated with the Management of Diseases. The Faculty of Pharmaceutical Sciences forms a key component of the ICFAI University, Himachal Pradesh. The Faculty of Pharmaceutical Sciences is approved by the Pharmacy Council of India to conduct its Pharmacy Programs for the Academic Session 2027-28.

The Faculty of Pharmaceutical Sciences is dedicated to quality Education, innovative Research and professional service. Its goal is to produce scientific evidence to improve medication use and health outcomes for all.

The Faculty of Pharmaceutical Sciences is composed of dynamic and experienced Faculty members who are actively engaged in knowledge creation and dissemination at the frontiers of the Pharmaceutical Sciences. The Faculty members have expertise in the fields of Research encompassing Nanotechnology, Pharmacology, Pharmacognosy, Computer Aided Drug Design, Formulation Development, Chemistry of Natural Products etc. The Faculty aims to provide experiential learning opportunities that contribute to a rigorous curriculum and prepare Students for today's dynamic world.

The Faculty of Pharmaceutical Sciences has modern Classrooms and Laboratories which are equipped with all the required Instruments, Glassware and Chemicals.

The Faculty of Pharmaceutical Sciences owns a library which has about 2500 books in it. Latest editions of Indian Pharmacopoeia, British Pharmacopoeia and United States Pharmacopoeia are available which help Students to remain updated about the current trends of the Pharmaceutical World.

Programs Offered at the Faculty of Pharmaceutical Sciences

- Bachelor of Pharmacy (B.Pharmacy)
- Bachelor of Pharmacy (B.Pharmacy, Lateral Entry)
- M.Pharmacy
- Ph.D. in Pharmaceutical Sciences

Strength of Faculty of Pharmaceutical Sciences

- Well Qualified and experienced staff.
- Separate Library for the Students of Pharmaceutical Science
- Well-equipped Labs.
- Excellent Placement support
- Designed Curriculum strongly focused on innovations,
- Creativity and Research
- Innovative Learning Environment
- Practical Learning experience for Students through Industrial Visits
- Problem Based learning and active learning approach.

Bachelor of Pharmacy Program

Bachelor of Pharmacy is a Four Year Undergraduate Program. The Program curriculum combines Pharmaceutics, Pharmaceutical Chemistry, Pharmaceutical Analysis, Pharmacology and Pharmacognosy where Students can learn the various methods of Drugs Formulations, Drug analysis, Natural and Synthetic sources of Drug, extraction methods and Mechanism of Action of Drugs. The Program enables candidates to practice the profession of a pharmacist after the completion of the Degree.

The Regulatory Body for the Program is the Pharmacy Council of India (PCI), responsible for laying down all norms and regulations for the B. Pharmacy Program.

Duration: 04 years (08 Semesters); 03 years (06 Semesters) for the lateral entry Students.

Eligibility: An Applicant should have passed the 10+2 examination with an aggregate of 50% and above marks conducted by the respective State/ Central Government Authorities with English as one of the subjects and Physics, Chemistry, Mathematics (PCM) or Biology (PCB / PCMB) as subjects.

Any Student possessing any other qualification as approved by the Pharmacy Council of India as equivalent to any of the above Examinations shall also be considered for admission to the B. Pharmacy Program.

For admission to the B.Pharmacy lateral entry Program (in the Third Semester):

A Candidate to be eligible for admission to the B. Pharmacy lateral entry Program (in the Third Semester) should have a Diploma in the Pharmacy Course from any Institution as approved by the Pharmacy Council of India under Section 12 of the Pharmacy Act.

(B. Pharmacy) Program Structure		
	Semester-I	**Semester-II**
First Year	• Basics of Python Programming for Pharmaceutical Sciences (Theory) • General Pharmacy (Theory) • Healthcare Psychology and Communication Skills (Theory) • Human Anatomy, Physiology and Pathophysiology I (Theory) • Introduction to Pharmacognosy (Theory) • Pharmaceutical Inorganic and Analytical Chemistry (Theory) • General Pharmacy (Practical) • Healthcare Psychology and Communication Skills (Practical) • Human Anatomy, Physiology and Pathophysiology I (Practical) • Introduction to Pharmacognosy (Practical) • Pharmaceutical Inorganic and Analytical Chemistry (Practical)	• Applied Biostatistics and Data Analytics for Pharmaceutical Sciences (Theory) • Biochemistry (Theory) • Human Anatomy, Physiology and Pathophysiology II (Theory) • Pharmaceutical Organic Chemistry (Theory) • Pharmacognosy and Phytochemistry (Theory) • Physical Pharmaceutics (Theory) • Biochemistry (Practical) • Human Anatomy, Physiology and Pathophysiology II (Practical) • Pharmaceutical Organic Chemistry (Practical) • Pharmacognosy and Phytochemistry (Practical) • Physical Pharmaceutics (Practical) **Skill Enhancement Courses*:** • Communication Skills • Mental Well-Being, Stress & Conflict Management • Fundamentals of Computer Operations
	Semester-III	**Semester-IV**
Second Year	• Introduction to Machine Learning in Pharmaceutical Sciences (Theory) • Environmental Sciences (Theory) • Ethics and Universal Human Values (Theory) • General Pharmacology (Theory) • Heterocyclic Compounds and Stereochemistry (Theory) • Pharmaceutical Dosage Forms I (Theory) • Pharmaceutical Engineering (Theory) • Pharmaceutical Microbiology (Theory) • General Pharmacology (Practical) • Heterocyclic Compounds and Stereochemistry (Practical) • Pharmaceutical Dosage Forms I (Practical) **Ability Enhancement Courses*:** • Nutraceuticals and Functional Foods • Food Analysis • Yoga and Life Sciences	• Herbal Drug Technology (Theory) • Medicinal Chemistry (Theory) • Pharmaceutical Biotechnology (Theory) • Social Pharmacy and Public Health (Theory) • Systemic Pharmacology I (Theory) • Herbal Drug Technology (Practical) • Medicinal Chemistry (Practical) • Pharmaceutical Biotechnology (Practical) • Social Pharmacy and Public Health (Practical) • Systemic Pharmacology I (Practical) **Internship (Mandatory)**
	Semester-V	**Semester-VI**
Third Year	• Biomedicinal Chemistry (Theory) • Industrial Pharmacognosy (Theory) • Innovation and Startup Ecosystem (Theory) • Pharmaceutical Dosage Form II (Theory) • Pharmaceutical Quality Assurance (Theory) • Systemic Pharmacology II (Theory) • Biomedicinal Chemistry (Practical) • Industrial Pharmacognosy (Practical) • Pharmaceutical Dosage Form II (Practical) • Systemic Pharmacology II(Practical)	• Advanced Pharmacognosy (Theory) • Biopharmaceutics and Pharmacokinetics (Theory) • Intellectual Property Rights (Theory) • AI applications in Pharmaceutical Sciences (Theory) • Pharmaceutical Analysis (Theory) • Pharmaceutical Jurisprudence (Theory) **Ability Enhancement Courses*:** • Green Chemistry • Materiovigilance and Hemovigilance • Scientific Writing • Drug Store and Business Management • Career Building in Cultivation of Medicinal Plants • Active Pharmaceutical Ingredients and Excipient Sciences • Biopharmaceutics and Pharmacokinetics (Practical) • Pharmaceutical Analysis (Practical) **Skill Enhancement Courses*:** • Computer-Aided Drug Design • Analytical Method Development and Validation • Principles of Preclinical Studies **Value Addition Courses*:** • Professional Skills • Process Analytical Technology (PAT) and QbD in Formulation Science **Internship (Mandatory)**
	Semester-VII	**Semester-VIII**
Fourth Year	• Biostatistics Research methodology (Theory) • Cosmetics and Cosmeceuticals (Theory) • AI in Clinical applications (Theory) • Modern Analytical Techniques (Theory) • Pharmacovigilance (Theory) • Pharmacy Practice (Theory) • Regulatory Affairs (Theory) **Ability Enhancement Courses*:** • Current Good Manufacturing Practices (cGMP) • Pharmaceutical Automation • Modern Techniques in Cellular Biology • Medical Devices • Transformation of Food Waste into Medicinal Products • Biosimilars, Vaccines & Macromolecules • Modern Analytical Techniques (Practical) **Research Project**	• Ethical Considerations and Translational Applications of AI in Pharmacy (Theory) • Clinical Pharmacotherapeutics (Theory) • Industrial Pharmacy and Facility Design (Theory) • Pharmaceutical Management (Theory) • Sterile Dosage Forms and Novel Drug Delivery System (Theory) **Ability Enhancement Courses*:** • Pharmaceutical Packaging • Supply Chain Management • Industrial Safety and Waste Management • Traditional Healing Practices of India • Futuristic Pharma through AR/VR: Pharma 4.0 • Herbal Cosmetics for Industry Perspective • Pharmaceutical Marketing Skills (Practical) • Sterile Dosage Forms and Novel Drug Delivery • System (Practical) **Value Addition Courses*:** • Cleaning Validation • Basic Trainings in Aseptic Handling Techniques • Impurity Profiling **Research Project**
	* Skill Enhancement Courses (SEC), Ability Enhancement Courses (AEC), and Value Addition Courses (VAC) are non-core but mandatory components of the curriculum, integrated into the credit-based system alongside the Major/Core courses. Students are required to select and successfully complete one course from the designated SEC, AEC, or VAC basket, as prescribed for the respective semester under the B. Pharmacy Program curriculum.	

Note: The Program Structure is tentative, subject to change

The M.Pharmacy Program

The Master of Pharmacy (M.Pharm) in Pharmaceutics is a specialized postgraduate program designed to provide a deep and comprehensive understanding of the science and technology behind creating effective and safe pharmaceutical products. This two-year program is ideal for Bachelor of Pharmacy graduates who are passionate about the journey of a drug from its molecular stage to its final dosage form. Pharmaceutics is the cornerstone of dosage form development, focusing on the design, formulation, and manufacturing of medicines.

The M.Pharm (Pharmaceutics) curriculum is meticulously crafted to bridge the gap between drug discovery and patient-ready medications. Students will gain advanced knowledge in areas such as Novel Drug Delivery Systems (NDDS), Formulation and Development, Biopharmaceutics and Pharmacokinetics, Regulatory Affairs and Quality Assurance, Industrial Pharmacy.

M.Pharm (Pharmaceutics) program is research-intensive and prepares graduates for a wide array of career opportunities within the pharmaceutical industry, including roles in Formulation and Development (F&D), Quality Control and Quality Assurance, Regulatory Affairs, and Production. It's an ideal choice for B.Pharmacy graduates who want to be at the forefront of pharmaceutical innovation and research.

The Regulatory Body for this Program is the Pharmacy Council of India (PCI), which is responsible for laying down all norms and regulations for this Program.

Duration: 02 years (04 Semesters)

Eligibility: A Pass in the following examinations:

a) B.Pharm Degree examination of an Indian university established by law in India from an institution approved by Pharmacy Council of India and has scored not less than 55 % of the maximum marks (aggregate of 4 years of B.Pharm.)

b) Every student, selected for admission to post graduate pharmacy program in any PCI approved institution should have obtained registration with the State Pharmacy Council or should obtain the same within one month from the date of his/her admission, failing which the admission of the candidate shall be cancelled.

Note: *It is mandatory to submit a migration certificate obtained from the respective university where the candidate had passed his/her qualifying degree (B.Pharm.)*

M.Pharmacy Program Structure		
	Semester-I	**Semester-II**
First Year	• Modern Pharmaceutical Analytical Techniques • Drug Delivery System • Modern Pharmaceutics • Regulatory Affair • Pharmaceutics Practical I • Seminar/Assignment	• Molecular Pharmaceutics (Nano Tech & Targeted DDS) • Advanced Biopharmaceutics & Pharmacokinetics • Computer Aided Drug Delivery System • Cosmetic and Cosmeceuticals • Pharmaceutics Practical II • Seminar/Assignment
	Semester-III	**Semester-IV**
Second Year	• Research Methodology and Biostatistics • Journal club • Discussion/ Presentation (Proposal Presentation) • Research Work	• Journal Club • Research Work • Discussion/ Final Presentation

Note: The Program Structure is tentative, subject to change

Ph.D. Programs

The ICFAI University offers Ph.D. Programs in the areas of:

- Management
- Commerce
- English
- Sociology
- Mathematics
- Physics
- Chemistry
- Computer Science & Engineering
- Law and
- Pharmaceutical Sciences.

The University is committed to providing an outstanding environment for excellence in Research and Development. The Ph.D. Program of the University is a three-year Regular Program that emphasizes developing the Student's capacity to conduct original Research. The Program encourages the Student to work independently and also to be able to identify, analyze and solve basic and applied Research problems effectively and creatively.

Eligibility:

The minimum qualifications for the admission to the Ph.D. Program is a Master Degree with 55% marks or equivalent grade/CGPA or an equivalent qualification as recognized by the University or with 50% aggregate marks for those belonging to the SC/ST category. The University shall admit Applicants to the Ph.D. Program through an Entrance Test to be conducted by the University. The Applicants who have qualified the UGC-NET/SET/ CSIR-NET/SLET/GPAT /CLAT/ GATE Examination with a valid score (3 Years) or as prescribed by the UGC/the concerned Regulatory Bodies shall be exempted from the Entrance Test.

Program Structure:

The Program is organized into four stages, viz., Course Work, Course work Examination, DRC/FRC (Departmental Research Committee/Faculty Research Committee), TPS/ RAC (Thesis Proposal Seminar/ Research Advisory Committee), for Approval of Synopsis that includes Topic of Research and Research work, publishing of papers, RAC (Pre-Ph.D. Submission) and Thesis Submission.

Examinations at the IUHP

The performance of the Students in a Semester shall be evaluated through the Continuous Class Assessment and the End Semester Examination. The Continuous Assessment shall be based on the Class tests, Assignments, Mid Semester tests and the Attendance. The marks for the Continuous assessment shall be awarded at the end of each Semester. The End Semester Examination comprises the Theory Papers, Practical, Viva-Voce, Inspection of Course work in the Classes and the Laboratories, Project work, Design reports etc.

The distribution of marks for the Mid Semester Examinations, End Semester Theory Papers, Practical and other Examinations including Seminar, Project, Industrial Trainings and General proficiency shall be as prescribed at the commencement of the Academic Session.

The marks obtained in the subject shall consist of the marks allotted in the End Semester Theory Paper, Practical Examination and Mid Semester Examinations.

To become eligible for the award of Degree for the Undergraduate Programs, the Student must obtain a minimum of 4.5 CGPA and for the Postgraduate Programs, the Student is required to obtain a minimum of 5.0 CGPA of the total marks. In case, a Student fails to obtain passing marks in any subject at any stage, he/she may improve the percentage by reappearing in the subject(s) of his/her choice.

TEACHING SCHEDULE

The Academic Year is divided into two Semesters- the Odd Semester and the Even Semester. The Odd Semester spans from July to December of each year and the Even Semester spans from January to June of a year.

CODE OF CONDUCT FOR THE STUDENTS

The following Code of Conduct is prescribed for the Students at the IUHP:

- Follow the Working Hours of the University. The IUHP functions between 09:00 AM to 05:30 PM (Monday to Friday).
- Keep the Campus Clean and Green. Don't throw litter around. Use dustbins. Keep the Toilets clean and dry. Keep the Cafeteria and the Eating points neat and clean. Don't put any Posters or write anything on the walls.
- Be Punctual and do not miss your Classes. Don't waste time by standing around in the Corridors etc.
- Save Water and Save Electricity wherever and whenever possible in the Campus.
- Use of Mobile Phones in the Academic Area is not permitted. Move out of the Academic Block to attend only to an Emergent call.
- Ragging in any form is illegal and punishable including cancellation of Admission without any Notice/ Refund. A Student will also be Rusticated from the University if found involved in any act of Ragging.
- Be very Polite with your Fellow Beings, Teachers and the Staff. Do not talk in a loud voice.
- Pay your Fees and Dues in Time.
- Wearing of Uniform as prescribed by the FACULTY is a MUST on all working days including the days of the conduct of the Internal as well as the External Examinations.
- 75 % to 80% attendance in each Program / Paper/ Lab. is a must for every Student for being eligible to appear both in the Internal as well as the External Exams.

- Park your vehicle in the Plot adjacent to the Academic Block or in any designated area for the purpose as may be decided by the IUHP including the area outside the University on the Road side. No Vehicle will be permitted to be brought inside the Academic Area.
- Don't cause any Damage/Loss/ Defacement to any University Property. The Loss/Damage will be recoverable from the Student individually or jointly.
- The nearby Police Post / Police Authorities will be informed of any act of Violence/Vandalism by a Student.
- The Girl Students staying in the Hostel are not permitted to go outside the Campus premises after 07:00 PM in the Summers and 06:00 PM in the Winters.

- Play Indoor / Outdoor games as per the IUHP Schedule.
- Do not do anything which is unbecoming of a Student.
- Follow Examination Timelines as notified by the IUHP.
- Observe/Obey the IUHP Dos/ Don'ts/ Rules / Regulations/ Terms/ Conditions faithfully. Disobedience/Violation of the above said Dos/ Don'ts will be viewed seriously by the IUHP and will attract Disciplinary action.

BAN ON RAGGING

The Anti-Ragging Committee at The ICFAI University, Himachal Pradesh

ensures compliance with the provisions of the UGC Regulations as well as the provisions of the laws in force for the time being concerning Ragging and to prevent Ragging in the University in any form.

Punishments: Depending upon the nature and gravity of the offense as established by the Anti-Ragging Committee of the University, the possible punishments for those found guilty of Ragging at the University level shall be anyone or any combination of the following:

- Cancellation of the admission.
- Suspension from attending the classes.
- Debarring from appearing in any test /Examination or other evaluation processes.
- Withholding results.
- Debarring from representing the University in any regional, National or International meet, Tournament, Youth festival, etc.
- Suspensions/Expulsions from the hostel.
- Rigorous Imprisonment of Three years and / or a fine of up to Rs. 50,000/
- Could be handed over to the Police (Penalty: 02 years in the prison as per Government rules).

As per the instructions of the UGC/Hon'ble Supreme Court of India, each of the Student of the University and his/ her parent and the Guardian are hereby required to submit an affidavit to this effect that nothing that tantamounts to ragging will be done by his/her child/ ward at the IUHP and an affidavit stating this will have to be submitted by the concerned at the time of Registration/ Admission in the prescribed format which is mandatory for Registration/ Admission of the Student

Educational Methodology

The Educational methodology adopted by the University encourages independent thinking and helps the Students to develop holistic perspectives, strong domain knowledge, contemporary skill-sets and a positive attitude. The University has evolved a comprehensive Student-centric learning approach consisting of several stages designed to add significant value to the learners' understanding in an integrated manner.

Classroom Instruction:

The Students receive full-time classroom instructions which help them learn and consolidate their understanding of the Subject.

Courseware:

The University makes sure that the reference books and the textbooks designed for the study are by and large available in the library.

Assignments:

The Study package also includes self-evaluator assignments which help to evaluate the academic progress.

IT Lab.: All Students have an access to the well-equipped Computer Labs. for their practical work in the IT Courses.

Soft Skills Lab:

The Soft Skills Lab helps the Students in imparting Soft skills that form a vital component of the corporate needs. The exclusive design and the right mix of teaching and Trainings processes of the Soft Skills Lab. help the Students add new dimensions to their personality. The innovative methodology to impart Soft Skills is a propelling force. An activity-based learner-centered curriculum ensures that the Students are well rounded to understand the subtleties of the corporate world. The core elements of methodology like the Peer Work, Group Work, Stimulating Group Discussions, Mock Interviews, Skits and the Role Plays etc. instill the required confidence in the Students to meet the challenges of the corporate work culture.

Language Skills:

There is a facility for developing the language skills in English wherein the Students who are not so proficient in English will be taught the English language to fine tune their oral and written skills.

Summer Internships:

The Summer Internships enable the Students to experience the rigors of the Business environment and apply the concepts learned in the classroom to the real-life situations in the Organizations.

Live Projects:

Students are encouraged to pursue live Projects to enhance their learning by applying theoretical concepts to the Industry situations. This is done under the guidance of the experienced and the well-versed Faculty members to ensure proper focus and implementation of the concepts so as to align these with the live projects.

Continuous Evaluation:

Student performance in each Course will be assessed employing Continuous Evaluation. Students will be evaluated based on Assignments, Seminars, Projects, Theory papers, Practical papers and the Tests.

Training, Placement and the Career Counselling Centre

Training and Placement:

The Trainings and the Placement Cell at The ICFAI University, Himachal Pradesh looks after the Trainings and the Placement activities. It is looked after by the Senior Professionals and the Placement Executives. It initiates and maintains the University-Industry dialogue and manages the Summer Internship Programs and enables the final Placement activities. The Trainings and the Placement Cell evaluates the Student performance levels and ensures relevant preparation for their Corporate Placements. Working both at the supply and the demand sides of the Placements, the Cell plays a vital intermediary role of matching the academic achievements of a Student and the Industry expectations by counselling the Students on a regular basis.

Activities of Training and Placement Cell:

- Facilitating Campus Recruitment
- Seeking Projects and internships for the UG and the PG Students
- Facilitating Summer Trainings Programmes
- Facilitating Industry-Academia Interactions

The Trainings and the Placement Cell arranges Campus interviews to facilitate the Placements of the final year Students from all the branches, inviting a diverse array of Organizations to participate. The Cell maintains an up to date database of these Organizations ensuring robust Industry connections.

Students across the various Postgraduate and the various Undergraduate disciplines are mandated to undertake a tenure in the Industry, completing an Industrial Project under the joint supervision of the Industry Supervisors and the Campus Faculty. The Trainings and the Placement Cell is also actively engaged in the Industry-Institute Interaction Programs including the Faculty Exchange Programs, Mobility of Industrial Personnel Programs and the Joint Research Projects in collaboration with the Industry partners.

INDUSTRY INTERACTION

The University actively fosters the Industry interaction through engagements with a diverse range of the Industry professionals. Collaborative initiatives such as the Summer Projects, Industry Interaction Programs and the Seminars are regularly organized providing the Students with opportunities to demonstrate their organizational and communication skills, analytical abilities and awareness of the contemporary issues before the recruiters.

Resources & Facilities at the IUHP

Internet Facility

The nerve Centre of the University is the Internet and the IT Centre which precisely works on a vision based action. The Internet is provided round the clock through a frequency of 300 Mbps. The Whole Campus of the ICFAI University is Wi-Fi enabled.

Cafeteria

The ICFAI University, Himachal Pradesh has a well-established Cafeteria located within the Campus where tea, coffee, snacks, vegetarian food and other eatable items are available. Quality, tasty and hygienic food is prepared in a hygienic environment, providing wholesome and balanced nutrition. The Cafeteria is open on all working days from 08:00 am to 09:00 pm.

Hostels

Choosing a University Hostel is also about choosing a new home. The ICFAI University ensures that the Students dwell in a healthy environment that helps them to grow and learn without any obstacles.

The ICFAI University, Himachal Pradesh Campus has separate Hostel for Girls with all the modern facilities. Each room is furnished with beds, chairs, study tables, curtains and a storage space. Basic amenities and the entertainment facilities are provided in the form of LCD TV with DTH in the Common area, Internet facility, uninterrupted power supply, a Gym, the Indoor and the Outdoor Games, a Common room, the Medical facilities and a First-Aid box add to the level of comfort that is required for a hosteller.

The water coolers with ROs are installed in the hostel for clean drinking water. The geysers are also available. Apart from this, 24-hour security is provided at the Hostel gates to ensure a secure abode for the Students.

The Hostel mess serves fresh and hygienic food. The concerned Wardens and the experienced staff look after the University assets and ensure that the Hostels remain responsive at all times.

Mentoring System

The ICFAI University follows the Mentor- Mentee system. The Mentors play a crucial role in mentoring the Students. A mentor, for the Student, is someone who serves as a guide throughout his/her Institutional training. The Mentors provide both a professional and a personal advice to the Students. They further give constructive feedback on the writing, teaching and the other elements of the career design of a Student. They even help the Students to balance their professional goals with their personal lives and provide the emotional encouragement to the Students during the challenging times.

Each Faculty member is a mentor of a group of around 20 Students. The Faculty members maintain an association with the Parents and the University Authorities regarding the attendance, performance and the academic growth of the Students.

Library Facilities

The University has a well-stocked library. The Students have an access to the collection of the contemporary Books and Journals which supplement the prescribed reference books and the textbooks. The Library is augmented with the Books, Periodicals, Journals, Magazines and other Publications on a regular basis.

Sports, Recreational Facilities, N.S.S. Activities and the Commemoration of the Important National and the International Festivals and Days

The University provides recreational facilities for the indoor and the outdoor games such as the Table Tennis, Chess, Carrom, Badminton, Volleyball, Football, Cricket and Athletics etc. The University also encourages the Students to participate in the various co-curricular activities. Various Clubs have been formed within the University and each Student is required to become a member of at least one club. Club activities foster camaraderie and inculcate a spirit of teamwork.

The Students are encouraged to be a member of the N.S.S. Unit of the University and undertake the N.S.S. activities for the benefit of the University and the Society.

The University also commemorates all the important National Festivals and Days. It also commemorates the important International Festivals and Days such as the World Habitat Day, World Diversity Week, World Environment Day, International Yoga Day etc.

Transportation Facilities

For Students who wish to travel from their places of stay to the Campus are offered the transport facility on a nicely maintained fleet of Buses on a payment basis. The Buses are equipped with the various safety devices such as the CCTV cameras and the GPS system. The Buses are being driven by the experienced Drivers who are oriented to take the responsibility and the ownership of those travelling in these buses.

Academia-Industry Interface at the IUHP

Placement Selection Improvement Program

This Program provides the Students with the insights for a better Industry awareness and a strong technical and a sound soft skills set that are required along with an in-depth subject knowledge. Importance is given to the grooming of a Student. It also covers the guidance with respect to the right content and preparation of the resumes as per the defined format. The Students are enthused to correctly approach the interviews and are taught to talk logically, extemporatively as well as in the Group discussions.

Webinars

A Webinar is a way of enriching our Students with the latest updates from the Industry. The Students are bestowed with the knowledge about the Industry needs, the latest technical updates and the avenues for the Higher Studies etc. At the ICFAI University, emphasis is placed not only on making the Students academically brilliant but also developing them as the true leaders and true team players, thus, preparing them for the real life Corporate World. Eminent personalities are invited from the Industry and the various academic Institutions to lend valuable information for the benefit of our Students.

Seminar Presentations

The ICFAI University is committed to provide quality Education to every Student pursuing their studies in the University. Quality education requires wide coverage, extending beyond the teaching-learning processes in the classrooms where topics are discussed as a part of the syllabi designed through the process of Curriculum development.

Seminars and Workshops are conducted on a regular basis to address the gaps in the Teaching –Learning process. There is an Academic Calendar for such seminars and workshops wherein a schedule is drawn after a thoughtful consideration on the relevant subjects on which such seminars and workshops are to be organized focusing on the different areas of knowledge for all the Faculties for the various Courses. Speakers are chosen with due consideration based on their experience and specialization. Such Seminars and Workshops are not confined to any particular Department - all Faculties and Departments within the University organize these programs to enhance learning.

Corporate Social Responsibility

The Society is a union of human beings living together as an entity meeting the norms and ethical standards set by the Society itself for its existence and its development. In the Corporate world and the Academic Universe, Organizations bear the responsibility of serving the Society in various ways - Adoption of villages, running an NGO or running a Trust for helping the poor etc.

Corporate Social Responsibility (CSR) at the University encourages and propels the Students to imbibe the qualities of enlightened leadership and thereby instills in them a level of trust and confidence about themselves and the community. It encourages the Students to serve the underprivileged sections of the society and enhance their quality of life by willingly contributing their skills and knowledge.

Industrial And Educational Visits

The basic purpose of conducting the Educational trips is to provide an exposure to the Students about the business environment. In professional Institutions, such Educational trips are known as Industrial visits. The Students visit the Industries which are relevant for their domain of knowledge to gain practical experience about the operations and the maintenance systems across the different sectors. Every Industry differs because of the varying raw materials and products as well as the distinct operating systems. Therefore, the Industrial Visits need to be arranged only for the Industries which are related to the Courses being pursued by the Students.

At The ICFAI University, Educational trips / Industrial visits are an integral part of the Academic Calendar. Students are periodically sent on Industrial visits under the guidance of the Faculty members from the concerned Departments. During these visits, the Students are taken on the guided tours of the Industrial setups by the company executives who explain the organization's different activities and the operational processes.

Industry Interaction

The primary objective of Education in the professional Programs is to groom the young Students to perform efficiently and effectively so that they can gain employment. By employing suitable candidates, the Industry can register growth and the GDP can clock a steady increase over a period of time.

We at The ICFAI University, recognize the importance of such interface and accordingly the corporate meets are organized where the Corporate leaders are invited to the ICFAI University. These leaders interact with the Faculty members and update them about the demands of the Industry and advise the academic fraternity about the extent of improvements especially in the practical aspects required to make the Students employable. Such Corporate meets are intended to deliberate on the effective use of the strategies for taking advantage of the emerging global opportunities for the Students of Engineering, Management and the other streams.

Faculty Resources

The Faculty members are at the core of a high-quality Education system. They play an important role in imparting the right kind of Education to the Students.

The ICFAI University is well aware of the crucial role played by the Faculty members. The Authorities at the IUHP make every effort to ensure that the Faculty members who are recruited are of a high caliber. It is ensured that every Department has a set number of competent Faculty. All Faculty members are highly competent, qualified, experienced and devoted. They mentor the Students so that their every educational and personnel problem is satisfactorily resolved.

FACULTY PROFILES

Faculty of Management Studies

Dr. Nisha Chanana
Dean I/c and Head of the Department
Ph.D, MBA, UGC-NET

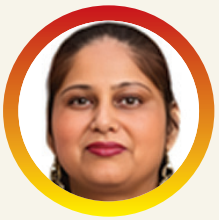
Dr. Nisha Chanana has 19 years of teaching and research experience. Her current research focuses on key areas such as Organizational Behaviour, Human Resource Practices, Employee Engagement and Marketing Management.

Dr. Bharat Bhushan
Assistant Professor
PhD, MBA, M.Com, UGC-NET

Dr. Bharat Bhushan has 19 years of experience in teaching and research. His research spans Investment Behaviour, Stock Market Operations, Marketing Management and Finance.

Dr. Chitra
Assistant Professor
MBA, M.Com, UGC-NET, Ph.D

Dr. Chitra has 19 years of experience in teaching. Her areas of interest are Training and Development, Industrial Relations and Labour Law, Compensation Management, Banking and Insurance Management, Business Law.



Dr. Yuvika Singh
Assistant Professor
Ph.D, MBA, UGC-NET

Dr. Yuvika Singh processes 15 years of experience in teaching and industry. Her area of interest are Organizational Behaviour, training and development, Industrial Relations, Performance Management, Employee Engagement and Leadership

Mr. Gurpreet Singh
Assistant Professor
MBA, Pursuing Ph.D

Mr. Gurpreet Singh brings over 09 years of teaching experience. His teaching expertise spans across subjects such as Credit Management, Financial Management, Financial Accounting, Corporate Accounting, Cost Accounting, Management Accounting and Managerial Accounting.

Mr. Kshitij Saklani
Assistant Professor
M.Com, JRF UGC-NET, Pursuing Ph.D

Mr. Kshitij has 04 years of teaching experience. He imparts knowledge in subjects such as Direct Taxes, Indirect Taxes, Business Statistics, Indian Economy and Money Banking.

Dr. Ravi Vashisht
Assistant Professor
Ph.D, MBA

Dr. Ravi Vashisht has 14 years of teaching, research and industrial experience. His areas of specialization include Human Resource Management, Organization Behaviour and Business Communication.

Dr. Esha Bansal
Assistant Professor
Ph.D, MBA, UGC-NET, Diploma in Banking & Finance

Dr. Esha Bansal possesses 19 years of teaching experience. Her areas of expertise are Behavioural Finance, Operation Research, Strategic Management, Security Analysis and Investment Management.

Ms. Nisha Rani
Assistant Professor
M.Com, UGC-NET, Pursuing Ph.D

Ms. Nisha Rani brings over 09 years of teaching experience. Her expertise lies in Financial Management, Management Accounting, Financial Accounting, Microeconomics, and Security Analysis.

Ms. Anjali
Assistant Professor
M.Com, UGC NET, Pursuing Ph.D

Ms. Anjali has 07 years of teaching experience. She imparts knowledge in subjects like Income Tax, E-Commerce, Managerial Economics, Microeconomics and Macroeconomics

Ms. Sakshi Jindal
Assistant Professor.
M.Com, Pursuing Ph.D

Ms. Sakshi Jindal possesses 07 years of teaching experience. She is specialized in Financial Accounting, Cost Accounting, Corporate Accounting, Management Accounting, Financial Management , Financial Analysis, Portfolio Management and Business Mathematics.

Faculty of Science & Technology

Dr. Ram Krishan Bhardwaj
Head of the Department
Ph.D, M.Sc.

Dr. Bhardwaj has academic and administrative experience spanning over 23 years. His area of interest is Semi-Conductor Electronics and Theoritical Physics.

Dr. Manish Saraswat
Associate Professor
Ph.D, MCA

Dr. Manish Saraswat is an renowed academician with 20 years of experience, a demonstrated history of working in the higher education industry. Skilled in cloud-based Processing & Networking, Python for Data Sciences, Microsoft Excel, Microsoft Word and Advanced C/C++ Programming.

Dr Sangeeta Bhogal
Assistant Professor
Ph.D, M.Phil, M.Sc.

Dr. Sangeeta Bhogal has 08 years of experience. Her areas of interest are Inorganic Chemistry, Nanomaterial and Photocatalysis, Autimicrobal activities and cytotoxicity.

Ms.Yogesh Kumari
Assistant Professor
M.Sc. (Chemistry), Pursuing Ph.D.

Ms. Yogesh Kumari has around 09 years of teaching experience. She has expertise in Organic Chemistry, Chrmatographic Technics, Inorganic Chemistry and Physical Chemistry.

Mr. Vivek Kumar Sharma
Assistant Professor
M.Tech (ME) & B.Tech (ME), Diploma (Production & Industrial Engg.), Pursuing Ph.D.

Mr. Sharma has more than 14 years of experience. His areas of expertise are Fluid Mechanics, Engineering Mechanics, Manufacturing Process, Thermodynamics.

Mr. Vishal
Assistant Professor & Systems Administrator
M.Tech (CSE), B.Tech (CSE), Pursuing Ph.D

He has 14 years of teaching experience. His teaching interests span acrosscore areas of computer science, including Artificial Intelligence, Cyber Security, Data Structure and Data Science.

Dr. Pankaj
Professor
Ph.D, M.Phil (Gold Medalist), M.Sc. (Gold Medalist)

Dr. Pankaj is a renowned scholar in the field of Mathematics and has more than 22 years of experience. His areas of interest are Applied Mathematics, Polymer Science and Mechanics.

Mr. Mahendra Kumar Soni
Assistant Professor
M. Tech, M.Sc, UGC NET, GATE, Pursuing Ph.D

Mr. Soni has around 17 years of experience in academics and administration. His areas of interest are Micro Processor, Micro-Controller, Digital Logic Design, Digital Electronics, Internet of Things and Electrical Science.

Dr Ankit Verma
Assistant Professor
Ph.D, M.Sc.

Dr. Ankit Verma has 05 years of teaching experience. His current research interests include Hydrogel, Hydrogel Nanocomposite, Ferrites and Water remediation by Adsorption as well as Photo-catalysis.

Ms. Rachna Devi
Assistant Professor
M.Sc. (Zoology), B.Ed., Pursuing Ph. D.

Ms. Rachna Devi has 10 years of teaching experience. Her areas of interest are Animal Physiology and Genetics, Immunology molecular biology and evolution.

Mr. Ajay Prashar
Assistant Professor
M.Tech (CSE), B.Tech (CSE), UGC-NET, Pursuing Ph.D

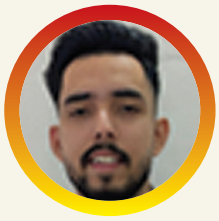
Mr. Ajay has 04 years of teaching experience. His areas of interest include Cloud Computing, Machine Learning, Data Mining and Swarm Intelligence.

Ms. Apurva Pundir
Assistant Professor
M.Sc. (Zoology)

She has an academic experience of 04 years. Her areas of interest are Immunology, Animal Physiology and Developmental Biology.

Dr. Charu Sharma
Assistant Professor
Ph.D, MCA , M.Sc.(IT), PGDCA, MSc (HS) Chemistry, B.Ed.

She has 08 years of acedamic experience. Her areas of interest include Artificial Intelligence, Big Data, and Soft Computing.



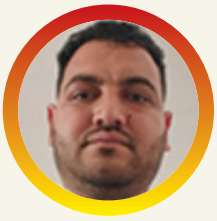
Mr. Abhishek Kaundal
Assistant Professor
MCA
Mr. Abhishek Kaundal has 02 years of experience in teaching. His areas of interest are Database Management System, Software Development and Software Engineering.

Ms. Vandna
Assistant Professor
M.Tech (CSE), B.Tech (CSE)
Ms.Vandna has 06 years of experience in teaching. Her area of specialization is the Internet of Things.

Ms. Pooja Sharma
Assistant Professor
M.Sc. (Mathematics), B.Ed., Pursuing Ph. D.
Ms. Pooja Sharma has 14 years of experience in teaching. Her areas of interest is Applied Mathematics.

Ms. Preeti
Assistant Professor
M.Tech (CSE), B.Tech (CSE)
Ms. Preeti has 09 years of experience in teaching. Her area of specialization is Machine Learning and Image Processing.

Ms. Goldy Kumari Pandey
Assistant Professor
MCA, BCA
She has 01 year of experience in teaching. Her areas of interest are Programming, Data Structures, Artificial Intelligence, Cyber Security, IoT, Cloud Computing, and Data Analytics.



Dr. Sohan Lal
Assistant Professor
Ph.D. (Botany), M.Sc. (Botany)
Dr. Sohan Lal has 02 year of experience in teaching. His areas of interest is Plant Physiology.

Faculty of Liberal Arts

Dr. Anil Kumar
Assistant Professor
"Ph.D, MA English, M.Phil, UGC-NET, PGCTE (EFLU Hyderabad)"
Dr. Anil Kumar possesses 06 years of teaching experience and 09 years of administrative - cum - extension experience. His research focus lies in the realms of Indian Literature and Translation, Caste Narratives, Gender and Sexuality.

Dr. Sarishti Joshi
Assistant Professor
Ph.D., MA (Sociology), HPPSC-SET
Dr. Sarishti Joshi has 06 years of teaching experience. Her areas of academic interest include Sociology, Social-Psychology, Cultural & Religious Studies, Rural & Tribal Studies, Population Studies, Social Stratification and Development.

Ms. Surbhi
Assistant Professor
MA(English Literature), BA English (Honours), UGC NET, Pursuing Ph.D
Ms. Surbhi possesses 06 years of teaching experience. Her areas of interest are English Literature, American Literature and Gender Studies.

Faculty of Law

Dr. Keshva Nand
Dean I/c and Head of the Department
Ph.D., LL.M., LL.B., B.A.,UGC-NET

Dr. Keshva Nand has 10 years of combined experience in academia and industry. His core areas of expertise encompass Constitutional Law, Cyber Law, and Intellectual Property Rights.

Dr. Mamta Kumari
Assistant Professor
Ph.D., LL.M., B.A.LL.B.(H).,UGC-NET

Dr. Mamta Kumari has 08 years of teaching experience. Her areas of interest are Criminal Law and Criminology.

Sh. Munish kumar
Assistant Professor
Ph.D,(Pursuing) LL.M., B.A.LL.B.,UGC-NET

Mr. Munish Kumar has 06 years of teaching experience. His areas of interest are Criminal Law, Administrative Law and Constitutional Law.

Dr. Sanjay Pal Chauhan
Assistant Professor
Ph.D., B.Sc, LL.M., UGC-NET JRF.

Dr. Sanjay has 01 Year of teaching experience. He is a qualified academician with research interests in Administrative Law and Alternative Dispute Resolution (ADR). He is actively engaged in legal research and academic activities, with a keen interest in mediation studies and contemporary legal issues.

Ms. Pragya Singh
Assistant Professor
Ph.D.(Pursuing), LLM, B.A.LL.B(H),USET, UGC-NET, Diploma in French, Certificate Course in Patenting Systems, Certificate Course in Global Constitutional Laws,

Ms. Pragya Singh has 07 years of teaching experience. Her areas of interest are Constitutional Law, Criminal Law and Jurisprudence.

Dr. Legha Mamta Ranjitsingh
Assistant Professor
LL.D. (Pursuing), Ph.D., LL.M. (Gold Medallist), B.B.A. LL.B., PG Diploma in Cyber Law and Intellectual Property Rights, PG Diploma in Human Rights, UGC-NET

Dr. Mamta has over 06 years of teaching experience in the field of law. Her areas of academic interest include Constitutional Law and Intellectual Property Rights (IPR). She is dedicated to promoting quality legal education through a student-centric and research-oriented approach.

Dr. Champa Devi
Assistant Professor
Ph.D., LL.M., LL.B., B.A.,UGC-NET

Dr. Champa Devi has 07 years of teaching experience. Her areas of interest are Constitutional Law, Environmental Law, Law of Evidence and Property Law.

Dr Shilpa Thakur
Assistant Professor
Ph.D , LL.M, LL.B(Gold Medalist), B.A, UGC NET

Dr Shilpa Thakur has 03 years of Teaching Experience. the area of specialization is Criminal Law, Constitutional Law, Environmental Law,

Mr. Vikram Kaushal
Assistant Professor
Ph.D.(International Law)(Pursuing), LL.M. (Criminal Law), LL.B., B.Sc. (Non-Medical), UGC-NET JRF

Mr. Vikram Kaushal has 02 Year experience in teaching. His area of interest in teaching and research are International Law, Constitutional Law, Criminal Law and Jurisprudence.

Mr. Vishav Kishore
Assistant Professor
Ph.D.,(Pursuing), B.A.LL.B., LL.M, UGC-NET

Mr. Vishav Kishore has 01 year of experience in teaching. His area of interest lies in Criminal Law, Constritutional Law, Family Law and Jurisprudence.

Faculty of Pharmaceutical Sciences

Dr. Shweta Agarwal
Professor and Principal (Pharmaceutics)
Ph.D, M.Pharmacy, B.Pharmacy,GATE

Dr. Shweta Agarwal possesses 21 years of teaching experience. Her areas of interest are novel , topical systems, and gastro-retentive drug delivery systems.

Dr. Ravinder Sharma
Associate Professor (Pharmaceutical Chemistry)
Ph.D, M.Pharmacy, B.Pharmacy, GPAT

Dr. Ravinder Sharma has 18 years of teaching experience. His areas of interest are medicinal chemistry, In-silico drug development, and network pharmacology.

Ms. Shilpa Chandel
Asssociate Professor (Pharmaceutical Chemistry)
M.Pharmacy, B.Pharmacy, D.Pharmacy, GPAT, Pursuing Ph.D

Ms. Shilpa has 14 years of teaching and research experience. Her areas of interest are nano formulation, pharmaceutical method development and validation, and pharmaceutical analysis.

Dr. Akshay Parihar
Associate Professor (Pharmaceutics)
Ph.D, M.Pharmacy, B.Pharmacy, GPAT

Dr. Akshay has 07 years of teaching experience. His areas of interest are Nano-formulation, drug delivery, solubility enhancement and nano-technology.

Ms. Swati Pal
Assistant Professor (Pharmaceutical Chemistry)
M.Pharmacy, B.Pharmacy, PhD (Pursuing)

Ms. Swati possesses 08 years of teaching experience. Her area of interests are in-silico drug development, and organic synthesis.

Ms. Pritiksha Raj
Assistant Professor (Pharmacognosy and Phytochemistry)
M. Pharmacy, B. Pharmacy, PhD (Pursuing)

Ms. Pritiksha possesses 05 years of teaching experience. Her areas of interest are medicinal plant research, phyto-chemistry, herbal drug standardization and quality control, in-Silico drug design, pharmacological screening of natural products.

Mr. Deepak Askar
Assistant Professor (Pharmaceutical Analysis)
M.Pharmacy, B.Pharmacy, GPAT

Mr. Deepak has 03 years of teaching experience. His area of interests are bioavailability of poorly soluble drugs, pharmacokinetics studies using animal models, and microbiological assay of antibiotics.

Dr. Disha Arora Mediratta
Professor (Pharmacognosy and Phytochemistry)
Ph.D, M.Pharmacy, B.Pharmacy,GATE

Dr. Disha possesses 18 years of teaching experience. Her areas of interest are pharmacognosy and phytochemistry, bioactivity guided fractionation, and chromatographic techniques.

Dr. Kiran Yadav
Associate Professor (Pharmaceutics)
Post Doc., Ph.D., M. Pharmacy, B. Pharmacy

Dr. Kiran possesses 15 years of teaching and research experience. Her areas of interest are herbal medicines and nutraceuticals, novel drug delivery systems, drug repurposing, and topical drug delivery systems.

Dr. Ashok Kumar
Associate Professor (Pharmacology)
Ph.D, M.Pharmacy, B.Pharmacy, D.Pharmacy

Dr. Ashok possesses 13 years of teaching and research experiences. His areas of interest are pharmacology and toxicology.

Mr. Sumeet Sharma
Assistant Professor (Pharmacology)
M.Pharmacy, PGD in Clinical Research, PGD in Bio Informatics, B.Pharmacy, PhD Pursuing (Pharmacology) "

Mr. Sumeet possesses has 12 years of teaching experience. His areas of interest are nano-formulation, drug delivery, solubility enhancement and nano-technology.

Dr. Ashima
Assistant Professor (Pharmaceutical Chemistry)
Ph.D, M.Pharmacy, B.Pharmacy, GPAT

Dr. Ashima has 08 years of teaching and research experience. Her areas of interest are organic synthesis of heterocyclic compounds, in- silico drug design, and characterisation of synthesised compounds though hyphenated techniques.

Mr. Sushant
Assistant Professor (Pharmaceutical Analysis)
M. Pharmacy, B. Pharmacy

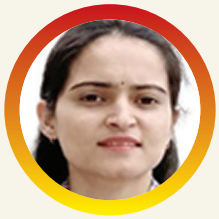
Mr. Sushant has 04 years of teaching experience. His area of interests are hyphenated techniques, pharmaceutical method development and validation.

Ms. Kanchan Sharma
Assistant Professor (Pharmaceutics)
M. Pharmacy, B. Pharmacy
Ms. Kanchan has 07 years of teaching experience. Her areas of interest are nano technology & targeted drug delivery system.

Mr. Krishna Nailwal
Assistant Professor (Pharmaceutics)
M. Pharmacy, B. Pharmacy
Mr. Krishna carries 04 years of teaching experience. His areas of interest are novel drug delivery systems, cosmetics development.

Mr. Maneesh Banyal,
M.Pharm, Ph.D. (Pursuing)
Assistant Professor
Mr Manish possesses 5.5 years of teaching experience. His areas of interest are novel drug delivery system, enhancing bioavailability of BCS Class-II Drugs, solubility enhancement techniques, targeted drug delivery system.

Dr. Vipra Dadheech
Assistant Professor (Pharmacy Practice)
Pharm. D
Dr. Vipra has 02 years of teaching experience. Her areas of interest are clinical pharmacy practice, pharmacotherapeutics, hospital and community pharmacy, therapeutic drug monitoring, and ADR monitoring.



Ms. Maneesha Bhardwaj
Assistant Professor (Pharmacognosy and Phytochemistry)
M. Pharmacy, B. Pharmacy, PhD (Pursuing)
Ms. Maneesha possesses 03 years of teaching experience. Her areas of interest are chromatography techniques, and herbal formulations.

Ms. Megha Chandel
Assistant Professor (Pharmaceutical Chemistry)
M. Pharmacy, B. Pharmacy, PhD (Pursuing)
Ms. Megha Chandel possesses 05 years of teaching experience. Her area of interests are in-silico drug development, and organic synthesis.

Ms. Kajal
Assistant Professor (Pharmacology)
M. Pharmacy, B. Pharmacy, PhD (Pursuing)
Ms. Kajal possesses 02 years of teaching experience. Her areas of interest are nanoformulations, cosmetics and nanotechnology.

Ms. Risha Kumari
Assistant Professor (Pharmacology)
M. Pharmacy, B. Pharmacy, PhD (Pursuing)
Ms. Risha possesses 02 years of teaching experience. Her areas of interest are neuro, metabolics syndromes and ulcers.

Ms. Dikshita Sharma
Assistant Professor (Pharmaceutics)
M. Pharmacy, B. Pharmacy
Ms. Dikshita possesses 01 year of teaching experience. Her areas of interest are nanoformulations, targeted drug delivery system and drug development.

Mr. Ayush Deo
Assistant Professor (Pharmaceutics)
M. Pharmacy, B. Pharmacy
Mr. Ayush possesses 02 years of teaching experience. His areas of interest are nanoformulations, and nanotechnology.

Ms. Vrinda
Assistant Professor (Pharmacology)
M. Pharmacy, B. Pharmacy
Ms. Vrinda possesses 02 years of teaching experience. Her areas of interest are Neurology, Oncology and Chemptherapy (Brain).

Ms. Sakshi Sharma
Assistant Professor (Pharmacology)
M. Pharmacy, B. Pharmacy, PhD (Pursuing)
Ms. Sakshi possesses 07 years of teaching and research experience. Her areas of interest are diabetes, obesity, ulcers and enzymatic activity.

How to Reach the University

HIMACHAL PRADESH PRIVATE EDUCATIONAL INSTITUTIONS REGULATORY COMMISSION (HP-PERC)
Address: MC Parking Complex, 3rd Floor, Tutikandi, P.O. Summerhill, Shimla, Himachal Pradesh- 171005
