### **Faculty of Pharmaceutical Sciences Remembers Prof. M. L. Schroff on His Death Anniversary**

The Faculty of Pharmaceutical Sciences, IUHP, paid homage to **Prof. M. L. Schroff**, the pioneer of Pharmacy education in India, on his death anniversary. Prof. Schroff is widely regarded as the *Father of Pharmacy Education in India*, having laid the foundation for the development of pharmaceutical sciences in the country.

On this solemn occasion, faculty members, staff, and students remembered his invaluable contributions to the field of pharmacy and his vision for advancing education and research. His remarkable efforts in establishing structured pharmacy programs and promoting pharmaceutical research continue to inspire generations of pharmacy professionals.

The Faculty of Pharmaceutical Sciences reaffirmed its commitment to carrying forward his legacy by striving for excellence in teaching, research, and innovation in the pharmaceutical field.
